

Facts

University of Maryland Shore Regional Health is the principal provider of comprehensive health care services for more than 170,000 residents of Caroline, Dorchester, Kent, Queen Anne's and Talbot counties on Maryland's Eastern Shore. UM Shore Regional Health operates two hospitals, two freestanding emergency centers, an orthopedic center, an acute rehabilitation center and outpatient diagnostic and care centers throughout the region. Affiliated with UM SRH is UM Shore Medical Group, which includes more than 150 physician and advanced practice providers in more than 21 primary care and specialty practices throughout the five-county region.

A COORDINATED HEALTH CARE NETWORK

University of Maryland Shore Regional Health was formed July 1, 2013, when Shore Health and Chester River Health, which both had been members of the University of Maryland Medical System (UMMS), merged to form one coordinated network within UMMS.

UM Shore Regional Health is an **integral member of UMMS** and is closely affiliated with the University of Maryland Medical Center for patients who need more complex care.

University of Maryland Medical System is proud to partner with VNA of Maryland to deliver **home health services** to the communities we serve.

University of Maryland Shore Regional Health comprises:

- UM Shore Medical Center at Cambridge
- UM Shore Medical Center at Chestertown
- UM Shore Medical Center at Easton
- UM Shore Emergency Center at Queenstown
- UM Shore Medical Pavilions at Cambridge, Chestertown, Denton, Easton and Queenstown
- A host of outpatient, rehabilitation and diagnostic facilities including the Cancer Center, the Clark Comprehensive Breast Center, the Eleanor and Ethel Leh Women's Center, the Diagnostic and Imaging Center, and the Center for Diabetes and Endocrinology. Additionally, The Orthopedic Center is a partner of UM Shore Regional Health.

UM Shore Regional Health at Cambridge: UM Shore Regional Health at Cambridge offers emergency services, a helipad, short-stay observation beds, cardiac rehabilitation, and an infusion and intensive outpatient program. The second floor is home to UM Shore Medical Pavilion at Cambridge and offers UM Shore Medical Group-Pediatrics, a multispecialty suite with a variety of specialty providers, an Outpatient Surgery Center, a Cardiovascular Center and a state-of-the-art Diagnostic and Imaging Center.

UM Shore Medical Center at Chestertown: Operating as the state of Maryland's first designated Rural Hospital, UM Shore Medical Center at Chestertown is continuing to develop a comprehensive health care delivery model tailored to serve its rural community. The hospital has the flexible capacity for 25 inpatient beds and provides emergency care, inpatient and outpatient surgery, physical therapy and more. Since 2021, the hospital has achieved accreditation as a Geriatric Emergency Department and designation as an Age-Friendly Hospital System. The hospital's Outreach and Health Education programs provide screenings and health education both online and in the community. UM SRH is currently constructing and establishing a dedicated Aging & Wellness Center, bringing more services to residents of Kent and Upper Queen Anne's counties.

UM Shore Medical Center at Easton: A 146-bed hospital in Easton providing inpatient and outpatient services, a pain care clinic, sleep disorders center, diabetes care, primary stroke center, emergency services, diagnostic and imaging services, palliative care and comprehensive medical rehabilitation.

UM Shore Emergency Center at Queenstown: With 11 treatment rooms and 24-hour-a-day care by board-certified emergency medicine physicians, experienced nurses, radiology technicians and medical technologists, the Center treated nearly 17,400 patients in 2023. It also offers coordinated ambulance and helicopter transport as needed for patients who must be admitted to inpatient care.
