

Hospital and Emergency Department Referrals to

BCCFH

Baltimore Convention Center Field Hospital

←or→

Triage, Respite, and Isolation (TRI) Center at the Lord Baltimore

Hospital level care for COVID+

Referrals are accepted 24 hours/day, 7 days/week

To refer, call (410) 328-1234

- Ability for daily blood work, oxygen up to 4L, and intermittent IV medications
- Physical therapy available (must have AM PAC basic mobility score >13)

Refer here first any inpatient or ED patient who:

- Is COVID+ and requires medical care or observation
- Has multiple co-morbidities or is recovering from recent lengthy hospital stay, that predicts a poor outcome from COVID and would benefit from medical observation
- Needs supplemental oxygen up to 4L, lab monitoring, intermittent IV medication administration, or physical therapy

Patients NOT eligible for either BCCFC or LBTC

- ✗ Critically ill or requiring continuous monitoring
- ✗ Requiring greater than 4L oxygen or requiring BiPAP /CPAP/nebulizer
- ✗ Unstable psychiatric or behavioral health SI/BI, agitation, requiring sitter/restraints/sedation
- ✗ Lack medical decision making capacity or Bedbound
- ✗ Co-infection w/transmittable respiratory infection (influenza, RSV, TB, etc)
- ✗ Persistent vomiting or diarrhea, and/or any concerns for C. difficile

Hotel with private rooms for isolation and quarantine

Referrals are accepted 8:00 -18:30, 7 days/week

To refer, call (410) 952-8738

- Clinical staff that provide once daily health screenings
- Able to accommodate persons under investigation, families
- Ability to transport to established outpatient hemodialysis
- May bring own CPAP for OSA

The TRI Center does NOT have:

- ✗ Hands on nursing care or ADL support
- ✗ Ability to prescribe or administer medication
- ✗ Ability to do lab work or perform diagnostic tests

Also, private rooms pose high risk for opioid overdose

Refer here first any inpatient or ED patient who:

Does not have a safe place to isolate, **AND**

- Is suspected of having COVID and is awaiting test results, **OR**
- Is COVID+ **AND** not requiring medical monitoring or intervention, is on room air and is healthy, with minimal comorbidities

Additional LBTC Eligibility:

- Independent in ADLs and able to manage own medication
- Has completed initial detox for alcohol or benzo withdrawal
- If has opioid use disorder, on (or offered) medication for withdrawal
- Has a 14 day supply of all medications
