QUESTIONS to ask your doctor/pharmacist:

1. What's my medicine called and what does it do?
2. How and when should I take it? And for how long?
3. What if I miss a dose?
4. Are there any side effects?
5. Is it safe to take with other medicines and vitamins?
6. Can I stop taking it if I feel better?
7. Does my insurance company need to approve this?
8. Is it available at my pharmacy? If not, where can I find it?
9. Can I get this medicine cheaper? Is there a coupon available?
