

Do you have ideas to help improve our hospital?

Become a patient
and family advisor.

We would like to invite you to find out more about becoming a patient and family advisor at **University of Maryland Capital Region Health**.

You may have great ideas about how we can improve the health care experience for patients and families.

If you are interested in learning more about serving as a patient family advisor, please see the back of this card for more information.

**Patient family
advisors help
us improve by:**

- Giving feedback about their hospital stay.
- Letting us know what went well and what we can do better.
- Providing input on how to improve our policies and care practices.
- Help us plan changes to improve how we take care of patients.

We are grateful to our patients and families who become advisors. Join us!

**What skills do
advisors need?**

Advisors need to:

- Share experiences and ideas.
- Desire to improve the health care for this community.
- Respect confidentiality.

You do not need any special qualifications to be an advisor.

We will provide any training that you need.

**For more information
about becoming an
advisor, please contact
240-677-1058.**
