Section 8.	Review, Revision, Adoption, and Amendment	18

Section 1. Medical Staff Purpose and Authority

1.1 Purpose

The purpose of this medical staff is to organize the activities of physicians, dentists and oral and maxillofacial surgeons, podiatrists and other clinical practitioners who practice at University of Maryland Shore Regional Health in order to carry out, in conformity with these bylaws, the functions delegated to the medical staff by the Shore Regional Health Board of Directors.

1.2 Authority

Subject to the authority and approval of the Board of Directors the medical staff will exercise such power as is reasonably necessary to discharge its responsibilities under these bylaws and associated policies and procedures and under the corporate bylaws of the University of Maryland Shore Regional Health.

1.3 Definitions

Whenever the term “medical staff” is used, it shall mean the Medical Staff of Shore Regional Health, the unified medical staff of the two Medicare certified entities comprising the University of Maryland Shore Regional Health; Chester River Hospital (DBA University of Maryland Shore Medical Center at Chestertown) and Shore Health System (DBA University of Maryland Shore Medical Centers at Easton and at Dorchester). Whenever the term “division(s)” is used, it shall mean the two Medicare certified entities comprising the University of Maryland Shore Regional Health. Whenever the term “campus” is used it shall mean the hospital which represents a member’s primary affiliation with Shore Regional Health. Whenever the term “the hospital” is used, it shall mean the hospitals and facilities of University of Maryland Shore Regional Health at Chestertown, Dorchester and Easton; and whenever the term “the Board” is used, it shall mean Board of Directors of Shore Regional Health. Whenever the term “CEO” is used, it shall mean the Chief Executive Officer of Shore Regional Health, appointed by the Board to act on its behalf in the overall management of the hospital. The term CEO includes a duly appointed acting administrator serving when the CEO is away from the hospital.

Section 2. Medical Staff Membership

2.1 Nature of Medical Staff Membership

Membership on the medical staff of the hospital is a privilege that shall be extended only to professionally competent physicians, dentists, oral and maxillofacial surgeons, and podiatrists who continuously meet the qualifications, standards, and requirements set forth in these bylaws and associated policies and procedures of the medical staff and the hospital.

2.2 Qualifications for Membership

The qualifications for medical staff membership are delineated in Part III of these bylaws (Credentials Procedures Manual).

2.3 Nondiscrimination

The hospital will not discriminate in granting staff appointment and/or clinical privileges on the basis of national origin, race, gender, religion, or disability unrelated to the provision of patient care or required medical staff responsibilities, or any other basis prohibited by applicable law, to the extent the applicant is otherwise qualified.

2.4 Conditions and Duration of Appointment

The Board shall make initial appointment and reappointment to the medical staff. The Board shall act on appointment and reappointment only after the medical staff has had an opportunity to submit a recommendation from the Medical Executive Committee (MEC). Appointment and reappointment to the medical staff shall be for no more than twenty-four (24) calendar months.

2.5 Medical Staff Members Responsibilities

- 2.5.1 Each staff member must provide for appropriate, timely, and continuous care of his/her patients at the level of quality and efficiency generally recognized as appropriate by medical professionals in the same or similar circumstances.
- 2.5.2 Each staff member and practitioner with privileges must participate, as assigned or requested, in quality/performance improvement/peer review activities and in the discharge of other medical staff functions (including service on appropriate medical staff or administrative committees) as may be required.
- 2.5.3 Each staff member, consistent with his/her granted clinical privileges, must participate in the on call coverage of the emergency department or in other hospital coverage programs as determined by the MEC and the Board, after receiving input from the appropriate clinical specialty, to assist in meeting the patient care needs of the community. The specifics of on call coverage of the emergency department are in the policies and procedures.
- 2.5.4 Each staff member and practitioner with privileges must submit to any pertinent type of health evaluation as requested by the officers of the medical staff, Chief Executive Officer (CEO), and/or Department Chair when it appears necessary to protect the well-being of patients and/or staff, or when requested by the MEC or Credentials and Bylaws Committee as part of an evaluation of the member's or practitioner's ability to exercise privileges safely and competently, or as part of a post-treatment monitoring plan consistent with the provisions of any medical staff and hospital policies addressing physician health or impairment.

- 2.5.5 Each staff member and practitioner with privileges must abide by the medical staff bylaws and any other policies, procedures, and standards of the medical staff and hospital.
- 2.5.6 Each staff member and practitioner with privileges must provide evidence of professional liability coverage of a type and in an amount sufficient to cover the clinical privileges granted or an amount established by the Board, whichever is higher. In addition, staff members shall comply with any financial responsibility requirements that apply under state law to the practice of their profession.
- 2.5.7 Each staff member and practitioner with privileges shall notify the CEO or designee immediately of any and all malpractice claims filed in any court of law against the medical staff member or the institution of any proceeding which, if determined adversely to the member of the Medical Staff, would result in a revocation, suspension or limitation of the member's license to practice, the member's license to prescribe or dispense controlled substances, the member's Clinical Privileges at any other hospital, or the imposition of sanctions of any kind imposed by any health care facility, professional review organization or licensing agency.
- 2.5.8 Each applicant for privileges or staff member or practitioner with privileges agrees to release from any liability, to the fullest extent permitted by law, all persons for their conduct in connection with investigating and/or evaluating the quality of care or professional conduct provided by the practitioner and his/ her credentials.
- 2.5.9 Each staff member and practitioner with privileges shall prepare and complete in timely fashion, according to medical staff and hospital policies, the medical and other required records for all patients to whom the practitioner provides care in the hospital, or within its facilities, clinical services, or departments.
- a. A medical history and physical examination shall be completed no more than thirty (30) days before or twenty-four (24) hours after admission or registration, but prior to surgery or a procedure requiring anesthesia services. The medical history and physical examination must be completed and documented by an appropriately privileged physician, oral and maxillofacial surgeon, dentist, podiatrist, advanced practice nurse or physician assistant in accordance with State law and hospital policy.
 - b. An updated examination of the patient, including any changes in the patient's condition, shall be completed and documented within twenty-four (24) hours after admission or registration, but prior to surgery or a procedure requiring anesthesia services, when the medical history and physical examination is completed within thirty (30) days before admission or registration. The updated examination of the patient, including any changes in the patient's condition, must be completed and documented by an appropriately privileged physician, oral and maxillofacial surgeon, dentist, podiatrist, advanced practice nurse or physician assistant in accordance with State law and hospital policy.
 - c. The content of complete and focused history and physical examinations is delineated in the policies and procedures.
- 2.5.10 Each staff member and practitioner with privileges will use confidential information only as necessary for treatment, payment, or healthcare operations in accordance with HIPAA laws and regulations, to conduct authorized research activities, or to perform medical staff responsibilities. For purposes of these bylaws, confidential information means patient information, peer review information, and the hospital's business information designated as confidential by the hospital or its representatives prior to disclosure.

- 2.5.11 Each staff member and practitioner with privileges must participate in any type of competency evaluation when determined necessary by the MEC and/or Board in order to properly delineate that practitioner's clinical privileges.
- 2.5.12 Whenever there is a reason to believe that a practitioner is not complying with medical staff or hospital policies or has deviated from standard clinical or professional practice, the President of the Medical Staff of the applicable Department Chair or medical staff committee chair may require the practitioner to confer with him/her or with a standing or ad hoc committee that is considering the matter. The practitioner will be given special notice of the meeting at least five (5) days prior to the meeting. This notice shall include the date, time, place and issue involved and that the practitioner's appearance is mandatory. Failure of the practitioner to appear at any such meeting after two notices, unless excused by the MEC for adequate reason, will result in an automatic termination of the practitioner's membership and privileges. Such a termination would not give rise to a fair hearing, but would automatically be rescinded if and when the practitioner participates in the previously reference meeting.
- 2.5.12.1. Nothing in the foregoing paragraph shall preclude the initiation of precautionary restriction or suspension of clinical privileges as outlined in Part IV of these bylaws (Investigation, Corrective Action, Hearing and Appeal Plan).
- 2.5.13 Each medical staff leader shall disclose to the medical staff any ownership or financial interest that may conflict with, or have the appearance of conflicting with, the interests of the medical staff or hospital. Medical staff leadership will deal with conflict of interest issues per the Medical Staff Conflict of Interest policy.
- 2.5.14 Each member of the Medical Staff shall be assigned to a primary campus. The primary campus is the hospital site where the member conducts at least 50% of the member's practice within Shore Regional Health. Each department will be responsible for determining the manner in which the percentage of practice is measured (ex. Admissions, procedure time, etc.). The determinations will be specified in a Medical Staff policy which is subject to approval by the Medical Executive Committee and the Shore Regional Health Board

2.6 Medical Staff Member Rights

- 2.6.1 Each staff member has the right to a meeting with the MEC on matters relevant to the responsibilities of the MEC that may affect patient care or safety. In the event such practitioner is unable to resolve a matter of concern after working with his/her Department Chair or other appropriate medical staff leader(s), that practitioner may, upon written notice to the President of the Medical Staff two (2) weeks in advance of a regular meeting, meet with the MEC to discuss the issue.
- 2.6.2 Each voting staff member has the right to initiate a recall election of a medical staff officer by following the procedure outlined in Part I: Section 4.7 of these bylaws, regarding removal and resignation from office.
- 2.6.3 Each voting staff member may initiate a call for a general staff meeting to discuss a matter relevant to the medical staff by presenting a petition signed by ten percent (10%) of the voting members of the medical staff. Upon presentation of such a petition, the MEC shall schedule a general staff meeting for the specific purposes addressed by the petitioners. No business other than that detailed in the petition may be transacted.

- 2.6.4 Each voting staff member may challenge any policy established by the MEC. In the event that a policy is thought to be inappropriate, any medical staff member may submit a petition signed by ten percent (10%) of the voting members of the medical staff. Upon presentation of such a petition, the adoption procedure outlined in Part I: Section 8.3 will be followed.
- 2.6.5 Each voting staff member may call for a Department meeting by presenting a petition signed by ten percent (10%) of the members of the Department. Upon presentation of such a petition the Department Chair will schedule a Department meeting.
- 2.6.6 Any voting member of the Shore Regional Health Medical Staff may call for a vote to separate the two divisions of the integrated Shore Regional Health Medical Staff (Chestertown and Easton/Dorchester) by presenting a petition signed by twenty five percent (25%) of the medical staff members who hold privileges to practice in that division. Provided such a vote has not been conducted within six (6) months, upon presentation of such a petition the MEC shall schedule a meeting of the medical staff members of that division for the purpose of voting on the call for separating the two divisions. The meeting shall be scheduled no sooner than 30 and no longer than 60 days from the date the petition is presented at a regularly scheduled MEC meeting. The meeting shall be scheduled at a time that is reasonably convenient for all practitioners privileged in the division calling for the vote. All voting members of the division calling for the vote will receive at least 14 days notice of the date, time and location of the meeting sent via US mail. A simple majority vote of the medical staff members who hold privileges to practice in the division calling for the vote attending and voting at the meeting is required for the motion to carry. A process for absentee voting is in the policy and procedures.
- 2.6.7 The above sections 2.6.1 to 2.6.4 do not pertain to issues involving individual peer review, formal investigations of professional performance or conduct, denial of requests for appointment or clinical privileges, or any other matter relating to individual membership or privileges. Part IV of these bylaws (Investigations, Corrective Action, Hearing and Appeal Plan) provides recourse in these matters.
- 2.6.8 Any practitioner eligible for medical staff appointment has a right to a hearing/appeal pursuant to the conditions and procedures described in the medical staff's hearing and appeal plan (Part IV of these bylaws).

2.7 Staff Dues

Annual medical staff dues, if any, shall be determined by the MEC. Failure of a medical staff member to pay dues shall be considered a voluntary resignation from the medical staff. The MEC may pass policies from time to time which exempt from dues payment certain categories of membership or members holding specified leadership positions. Refer to current Medical Staff Policy entitled "Annual Medical Staff Dues".

2.8 Indemnification

- 2.8.1 Members of the medical staff are entitled to the applicable immunity provisions of state and federal law for the credentialing, peer review and performance improvement work they perform on behalf of the hospital and medical staff.

2.8.2 Subject to applicable law, the hospital shall indemnify against reasonable and necessary expenses, costs, and liabilities incurred by a medical staff member in connection with the defense of any pending or threatened action, suit, or proceeding to which he is made a party by reason of his having acted in an official capacity in good faith on behalf of the hospital or medical staff. However, no member shall be entitled to such indemnification if the acts giving rise to the liability constituted willful misconduct, breach of a fiduciary duty, self-dealing or bad faith.

Section 3. Categories of the Medical Staff

3.1 The Active Category

3.1.1 Qualifications

Members of this category must regularly care for patients in a hospital within the University of Maryland Shore Regional Health.

In the event that a member of the Active category does not meet the qualifications for reappointment to the Active category, and if the member is otherwise abiding by all bylaws and policies of the medical staff and hospital, the member may be appointed to another medical staff category if s/he meets the eligibility requirements for such category.

3.1.2 Prerogatives

Members of this category may:

- a. Attend medical staff and Department meetings of which s/he is a member and any medical staff or hospital education programs;
- b. Vote on all matters presented by the medical staff, Department and committee(s) to which the member is assigned; and
- c. Hold office and sit on or be the chair of any committee in accordance with any qualifying criteria set forth elsewhere in the medical staff bylaws or medical staff policies.
- d. May admit patients to the hospital as appropriate to the member's specialty or as granted as a specific privilege.

3.1.3 Responsibilities

Members of this category shall:

- a. Contribute to the organizational and administrative affairs of the medical staff;
- b. Actively participate as requested or required in activities and functions of the medical staff, including quality/performance improvement and peer review, credentialing, risk, and utilization management, medical records completion and in the discharge of other staff functions as may be required; and
- c. Fulfill or comply with any applicable medical staff or hospital policies or procedures.

3.2 The Consulting Category

3.2.1 Qualifications

The consulting category is reserved for medical staff members who are willing to come to the hospital on schedule or promptly respond when called to render clinical services within their area of competence.

3.2.2 Prerogatives

Members of this category may:

- a. Attend medical staff and Department meetings of which s/he is a member and any medical staff or hospital education programs;
- b. Vote on all matters presented by the medical staff, Department and committee(s) to which the member is assigned; and

- c. Hold office and sit on or be the chair of any committee in accordance with any qualifying criteria set forth elsewhere in the medical staff bylaws or medical staff policies; and
- d. Not admit patients to the hospital.

3.2.3 Responsibilities

Members of this category shall:

- a. Have the same responsibilities as Active category members.

3.3 The Community Category

3.3.1 Qualifications

The community category is reserved for members who maintain a clinical practice in the hospital service area and wish to be able to follow the course of their patients when admitted to the hospital.

3.3.2 Prerogatives

Members of this category may:

- a. Order non-invasive outpatient diagnostic tests and services, visit patients in the hospital, review medical records and attend medical staff and Department meetings, CME functions and social events;
- b. Vote on all matters presented by the medical staff, Department and committee(s) to which the member is assigned when they show at least fifty percent (50%) attendance at medical staff meetings for the previous year; and
- c. Hold office and sit on or be the chair of any committee in accordance with any qualifying criteria set forth elsewhere in the medical staff bylaws or medical staff policies; and
- d. Not be eligible for clinical privileges and not manage patient care in the hospital.

3.3.3 Responsibilities

Members of this category shall:

- a. Fulfill or comply with any applicable medical staff or hospital policies and procedures.

3.4 Honorary Category

The Honorary Category is restricted to those individuals recommended by the MEC and approved by the Board. Appointment to this category is entirely discretionary and may be rescinded at any time. Members of the Honorary Category shall consist of those members who have retired from active hospital practice, who are of outstanding reputation, and have provided distinguished service to the hospital. They may attend medical staff and Department meetings, continuing medical education activities, and may be appointed to committees. They shall not hold clinical privileges, hold office or be eligible to vote.

3.5 Outpatient Staff -

3.5.1 Qualifications

The outpatient category is reserved for medical staff members who treat patients in outpatient services sponsored by the hospital.

3.5.2 Prerogatives

Members of this category may:

- a. Attend medical staff and Department meetings of which s/he is a member and any medical staff or hospital education programs;
- b. Vote on all matters presented by the medical staff, Department and committee(s) to which the member is assigned; and
- c. Hold office and sit on or be the chair of any committee in accordance with any qualifying criteria set forth elsewhere in the medical staff bylaws or medical staff policies; and
- d. Not admit patients to the hospital.

3.5.3 Responsibilities

Members of this category shall:

- b. Contribute to the organizational and administrative affairs of the medical staff;
- c. Actively participate as requested or required in activities and functions of the medical staff, including quality/performance improvement and peer review, credentialing, risk, and utilization management, medical records completion and in the discharge of other staff functions as may be required; and
- d. Fulfill or comply with any applicable medical staff or hospital policies or procedures.

3.6 **Affiliate Professional Staff Category**

3.6.1 Qualifications

The Affiliate Professional Staff Category is open to Advance Practice Professionals (Nurse Practitioners, Certified Nurse Midwives, Physician Assistants).

3.6.2 Prerogatives

Practitioners assigned to this category may:

- a. Attend medical staff and meeting of the Department to which s/he is assigned and any medical staff or hospital education programs;
- b. Sit on any committee in accordance with any qualifying criteria set forth elsewhere in the medical staff bylaws or medical staff policies; and
- c. Not be members of the Medical Staff and, therefore, shall not hold office or be eligible to vote in general staff meetings, election of officers, or for bylaws amendments.
- d. Ability to admit patients to the hospital is defined by provider type per policy.

3.6.3 Responsibilities

Practitioners assigned to this category shall:

- a. Contribute to the organizational and administrative affairs of the medical staff;
- b. Actively participate as requested or required in activities and functions of the medical staff, including quality/performance improvement and peer review, credentialing, risk, and utilization management, medical records completion and in the discharge of other staff functions as may be required; and

Fulfill or comply with any applicable medical staff or hospital policies or procedures

Section 4. Officers and At-Large Members of the Medical Staff

4.1 Officers of the Medical Staff

- 4.1.1 President of the Medical Staff
- 4.1.2 Vice President of the Medical Staff
- 4.1.3 Department Chairs and At-Large Positions

4.2 Qualifications of Officers

- 4.2.1 Officers must be members of the Active category for three (3) years and have no previous or pending corrective actions under Part IV of these bylaws.
- 4.2.2 Officers may not be employed by a directly competing hospital or healthcare system. Noncompliance with this requirement will result in the officer being automatically removed from office unless the Board determines that allowing the officer to maintain his/her position is in the best interest of the hospital.

4.3 Election of Officers and At-Large Positions

- 4.3.1 The Nominating committee shall offer at least one nominee from each division (Easton/Dorchester and Chestertown) for the officer positions. Nominations must be made for one (1) at-large position from Dorchester, two (2) at-large positions from Easton and four (4) at-large positions from Chestertown. Nominations must be announced, and the names of the nominees distributed to all members of the voting medical staff at least thirty (30) days prior to the election.
- 4.3.2 Additional nominations must be submitted at least fourteen days prior to the election. These nominations must be submitted on a petition signed by at least two voting members of the Medical Staff.
 - 4.3.2.1. Officers and at-large representatives shall be elected prior to the expiration of the term of the current officers. Voting members present at the meeting in which the election occurs will be allowed to vote. A process for absentee voting is in the policy and procedures.
 - 4.3.2.2. Voting members from both divisions (Easton/Dorchester and Chestertown) will vote for officers. There will be two separate elections, one for President and one for Vice President. The nominee who receives the greatest number of votes cast will be designated as President and Vice President. . In the event of a tie vote, there will be repeat vote(s) deleting the candidate with the lowest number of votes until one candidate receives a greater number of votes.
 - 4.3.2.3. Each member may vote only for at-large positions designated for that member's primary practice campus.

4.4 Term of Office

All officers and at-large representatives serve a term of two (2) years. They shall take office on October 1st odd numbered years. An individual may be reelected for two successive terms. Each officer or at-large representative shall serve in office until the end of his/her term of office or until a successor is appointed/elected or unless s/he resigns sooner or is removed from office.

4.5 Vacancies of Office and At-Large Positions

The MEC shall fill vacancies of office during the medical staff year, except the office of the President of the Medical Staff. If there is a vacancy in the office of the President of the Medical Staff, the Vice President of the Medical Staff shall serve the remainder of the term. Vacancies for at-large positions will be resolved by an election at the affected campus within thirty days of the vacancy using the same process as noted above.

4.6 Duties of Officers

- 4.6.1 **President of the Medical Staff:** The President of the Medical Staff is the primary elected officer of the medical staff and is the medical staff's advocate and representative in its relationships to the Board and the administration of the hospital. The President of the Medical Staff, jointly with the MEC, provides direction to and oversees medical staff activities related to assessing and promoting continuous improvement in the quality of clinical services and all other functions of the medical staff as outlined in the medical staff bylaws and policies. Specific responsibilities and authority are to:
- a. Call and preside at all general and special meetings of the medical staff;
 - b. Serve as chair of the MEC and as an ex officio member of all other medical staff committees without vote as well as to participate, as invited by the CEO or the Board, on hospital or Board committees;
 - c. Enforce medical staff bylaws and medical staff/hospital policies;
 - d. Except as stated otherwise, appoint committee chairs and all members of medical staff standing and ad hoc committees; in consultation with hospital administration, appoint medical staff members to appropriate administrative committees or to serve as medical staff advisors or liaisons to carry out specific functions; in consultation with the chair of the Board, appoint medical staff members to appropriate Board committees when those are not designated by position or by specific direction of the Board or otherwise prohibited by state law;
 - e. Support and encourage medical staff leadership and participation on interdisciplinary clinical performance improvement activities;
 - f. Report to the Board the MEC's recommendations concerning appointment, reappointment, delineation of clinical privileges or specified services, and corrective action with respect to practitioners who are applying for appointment or privileges, or who are granted privileges or providing services in the hospital;
 - g. Review and enforce compliance with standards of ethical conduct and professional demeanor among the practitioners on the medical staff in their relations with each other, the Board, hospital management, other professional and support staff, and the communities the hospital serves;
 - h. Communicate and represent the opinions and concerns of the medical staff and its individual members on organizational and individual matters affecting hospital operations to hospital administration, the MEC, and the Board;
 - i. Attend Board meetings and Board committee meetings as invited by the Board;
 - j. Ensure that the decisions of the Board are communicated and carried out within the medical staff; and
 - k. Perform such other duties, and exercise such authority commensurate with the office as are set forth in the medical staff bylaws.

- 4.6.2 **Vice President of the Medical Staff:** In the absence of the President of the Medical Staff, the Vice President of the Medical Staff shall assume all the duties and have the authority of the President of the Medical Staff. This officer will collaborate with the hospital's medical staff office, assure maintenance of minutes, attend to correspondence, act as medical staff treasurer, and coordinate communication within the medical staff. S/he shall perform such further duties to assist the President of the Medical Staff as the President of the Medical Staff may request from time to time.
- 4.6.3 **At-Large Representatives to the MEC:** At-large representatives shall advise and support the medical staff officers and are responsible for representing the needs/interests of the entire medical staff, not simply representing the preferences of their own clinical specialty or primary campus.

4.7 Removal and Resignation from Office

- 4.7.1 The medical staff may initiate the removal of any officer if at least ten percent (10%) of the voting members sign a petition advocating for such action. Removal shall become effective upon an affirmative vote by two thirds (2/3) of those active staff members casting ballot votes. Grounds for removal from office shall include:
- a. Significant limitation of practice privileges
 - b. Initiation of corrective action under Part IV of these bylaws.
 - c. Failure to meet those responsibilities assigned within these bylaws
 - d. Failure to comply with policies and procedures of the medical staff
 - e. Conduct or statements that damage the hospital, its goals, or program.
- 4.7.2 **Resignation:** Any elected officer may resign at any time by giving written notice to the MEC. Such resignation takes effect on the date of receipt, when a successor is elected, or any later time specified in the written notice.

Section 5. Medical Executive Committee

5.1 Medical Executive Committee (MEC)

5.1.1 Committee Membership:

- a. **Composition:** The MEC shall be a standing committee consisting of 21 members: 7 from Chestertown, one from Dorchester and 13 from Easton. Members shall include the officers of the medical staff, the chairs of the Departments (eight from the Easton/Dorchester division and two from the Chestertown campus), the chair and vice chair of the Medical Staff Quality Committee, the chair of the Clinical Excellence Committee and the chair of the Credentials and Bylaws Committee. Members at large will be elected to obtain the number of members allotted for each campus. The chair will be the President of the Medical Staff.
- b. **Removal from MEC:** An officer or Department Chair who is removed from his/her position in accordance with Section 4.7 above or Part II: Section 1.2.3, respectively, will automatically lose his/her membership on the MEC. Other members of the MEC may be removed by a two-thirds (2/3) affirmative vote of MEC members. When an at-large representative is removed in this manner, a replacement representative for that at-large position will be elected by the members assigned to the applicable campus.

5.1.2 Duties: The duties of the MEC, as delegated by the medical staff, shall be to:

- a. Serve as the final decision-making body of the medical staff in accordance with the medical staff bylaws and provide oversight for all medical staff functions;
- b. Coordinate the implementation of policies approved by the Board;
- c. Submit recommendations to the Board concerning all matters relating to appointment, reappointment, staff category, Department assignments, clinical privileges, and corrective action;
- d. Report to the Board and to the staff for the overall quality and efficiency of professional patient care services provided by individuals with clinical privileges and coordinate the participation of the medical staff in organizational performance improvement activities;
- e. Take reasonable steps to encourage and monitor professionally ethical conduct and competent clinical performance on the part of practitioners with privileges including collegial and educational efforts and investigations, when warranted;
- f. Make recommendations to the Board on medical administrative and hospital management matters;
- g. Keep the medical staff up-to-date concerning the licensure and accreditation status of the hospital;
- h. Participate in identifying community health needs and in setting hospital goals and implementing programs to meet those needs;
- i. Review and act on reports from medical staff committees, Departments, and other assigned activity groups;
- j. Formulate and recommend to the Board medical staff policies and procedures;

- k. Request evaluations of practitioners privileged through the medical staff process when there is question about an applicant or practitioner's ability to perform privileges requested or currently granted;
 - l. Make recommendations concerning the structure of the medical staff, the mechanism by which medical staff membership or privileges may be terminated, and the mechanisms for fair hearing procedures;
 - m. Consult with administration on the quality, timeliness, and appropriateness of contracts for patient care services provided to the hospital by entities outside the hospital;
 - n. Oversee that portion of the corporate compliance plan that pertains to the medical staff;
 - o. Hold medical staff leaders, committees, and Departments accountable for fulfilling their duties and responsibilities;
 - p. Make recommendations to the medical staff for changes or amendments to the medical staff bylaws;
 - q. The MEC is empowered to act for the organized medical staff between meetings of the organized medical staff.
- 5.1.3 Meetings: The MEC shall meet at least six (6) times per year and more often as needed to perform its assigned functions. Rotation of the location of MEC meetings is in the policy and procedures.

Section 6. Medical Staff Meetings

6.1 Medical Staff Meetings

- 6.1.1 Medical staff meetings will be held at least bi-annually Notice of the meetings shall be given to all medical staff members via appropriate media and posted conspicuously.
- 6.1.2 Members of the medical staff are encouraged to attend medical staff meetings.
- 6.1.3 A quorum for a medical staff meeting will be those members present and voting on an issue.
- 6.1.4 The actions of a majority of the members present and voting at medical staff meetings is the action of the group. A process for absentee voting is in the policy and procedures.
- 6.1.5 Special Meetings of the Medical Staff
 - a. The President of the Medical Staff may call a special medical staff meeting at any time. The President of the Medical Staff must call a special meeting if so directed by resolution of the MEC or when triggered by the conflict resolution mechanism of the medical staff. Such request or resolution shall state the purpose of the meeting. The President of the Medical Staff shall designate the time and place of any special meeting.

6.2 Notice of Meetings

Notice stating the place, day, and hour of any special meeting or of any regular meeting not held pursuant to resolution shall be delivered or sent to each member not less than three (3) days before the time of such meeting by the person or persons calling the meeting. The attendance of a member at a meeting shall constitute a waiver of notice of such meeting.

6.3 Participation by the CEO

The CEO or his/her designee may attend any medical staff meeting as an ex-officio member without vote.

6.4 Rights of Ex officio Members

Except as otherwise provided in these bylaws, persons serving as ex officio members shall have all rights and privileges of regular members, except that they shall not vote, be able to make motions, or be counted in determining the existence of a quorum.

6.5 Robert's Rules of Order

Medical staff meetings shall be run in a manner determined by the chair of the meeting. When parliamentary procedure is needed, as determined by the chair or evidenced by a majority vote of those attending the meeting, the latest abridged edition of Robert's Rules of Order shall determine procedure.

Section 7. Conflict Resolution

7.1 Conflict Resolution

- 7.1.1 In the event the Board acts in a manner contrary to a recommendation by the MEC, involving issues of patient care or safety, the matter may (at the request of the MEC) be submitted to a Joint Conference Committee. The committee will submit its recommendation to the Board within thirty (30) days of its meeting.
- 7.1.2 To promote timely and effective communication and to foster collaboration between the Board, management, and medical staff; the chair of the Board, CEO, or the President of the Medical Staff may call for a meeting between appropriate leaders, for any reason, to seek direct input, clarify any issue, or relay information directly.
- 7.1.3 Any conflict between the medical staff and the Medical Executive Committee will be resolved using the mechanisms noted in Sections 2.6.1 through 2.6.4 above

Section 8. Review, Revision, Adoption, and Amendment

8.1 Medical Staff Responsibility

- 8.1.1 The medical staff shall have the responsibility to review, at least triennially, all medical staff bylaws, policies, and procedures and formulate appropriate revisions thereto. The medical staff can exercise this responsibility through its elected and appointed leaders or through direct vote of its membership.
- 8.1.2 Such responsibility shall be exercised in good faith and in a reasonable, responsible, and timely manner. This applies as well to the review, adoption, and amendment of the related policies, and protocols developed to implement the various sections of these bylaws.

8.2 Methods of Amendment to these Bylaws

- 8.2.1 Proposed amendments to these bylaws may be originated by the MEC or by a petition signed by ten percent (10%) of the voting members of the medical staff.

Each voting member of the medical staff will be eligible to vote on the proposed amendment if present at the meeting at which the vote is taken. A process for absentee voting is in the policy and procedures. All voting members of the medical staff shall receive at least fourteen (14) days advance notice of the date, time and location of the meeting and the proposed changes. The amendment shall be considered adopted by the medical staff if the amendment receives a simple majority of the votes cast.

Amendments so adopted shall be effective when approved by the Board. Neither the organized medical staff nor the Board may unilaterally amend the medical staff bylaws

8.3 Methods of Adoption or Amendment to Medical Staff Policies and Procedures

- 8.3.1 The medical staff may adopt additional policies and procedures as necessary to carry out its functions and meet its responsibilities under these bylaws. A Policies and Procedures Manual may be used to organize these additional documents.
- 8.3.2 The MEC shall vote on the adoption of a policy at a regular meeting, or at a special meeting called for such purpose. Following an affirmative vote by the MEC, the policy will be submitted to the Board of Directors for approval. If the policy is approved by the Board, the Board will determine whether or not future revisions to the policy are to be reviewed and approved by the Board. If future revisions are to be reviewed and approved by the Board, the policy will be designated as a Medical Staff/Board of Directors policy. If future revisions to the policy are not to be reviewed by the Board, the policy will be designated as a Medical Staff policy. If the Board does not approve a policy adopted by the MEC, the Board will return the policy to the MEC with written explanation of the Board's concern with the policy as adopted. If the MEC and the Board cannot resolve the concerns the matter will be referred to the Joint Conference Committee.
- 8.3.3 In addition to the process described in 8.3.2 above, the organized medical staff itself may recommend directly to the Board an amendment(s) to any policy or procedure by submitting a petition signed by ten percent (10%) of the voting members of the medical staff. Upon presentation of such petition, the adoption process outlined in 8.3.2 above will be followed.

8.3.4 The MEC may adopt such amendments to these bylaws and policies that are, in the committee's judgment, technical or legal modifications, or clarifications. Such modifications may include reorganization or renumbering, punctuation, spelling, or other errors of grammar or expression. Such amendments need not be approved by the entire Board but must be approved by the hospital CEO.

University of Maryland Shore Regional Health

MEDICAL STAFF BYLAWS

Part II: Organization and Functions Manual

Effective November 19, 2018

Table of Contents

Section 1. Organization of the Medical Staff	1
Section 2. Functions of the Medical Staff	3
Section 3. Medical Staff Committee and Department Meetings	9
Section 4. Confidentiality, Immunity, Releases, and Conflict of Interest	13

Section 1. Organization of the Medical Staff

1.1 Organization of the Medical Staff

The medical staff shall be organized as a departmentalized staff. The MEC may recognize any group of practitioners who wish to organize themselves into a Department. The recognition of departments shall be documented in Medical Staff Policy *Recognition of Medical Staff Departments*. Any Department, if organized, shall be required to hold regularly scheduled meeting at least annually. A Department Chair and Vice Chair shall head each Department with overall responsibility for the supervision and satisfactory discharge of assigned functions under the MEC. Departments may designate Sections within them for administrative purposes with each Section headed by a Section Chief elected by the eligible members of the Section.

1.2 Qualifications, Selection, Term and Removal of Department Chairs and Department Vice Chairs

1.2.1 Each Department Chair shall serve a term of two (2) years commencing on October 1st of even numbered years and may be elected to serve successive terms. All Chairs must be members of the Active medical staff, have relevant clinical privileges and be or have been certified by an appropriate specialty board or have affirmatively established comparable competence through the credentialing process.

1.2.2 Nominations will be made by the members of each department.

1.2.3 Department Chairs and Department Vice Chairs shall be elected by majority vote of the voting members of the Department. Each Department shall elect their officers by use of in-person, mailed or electronic ballot. The Department Chair or designee will determine the manner in which the vote is to be taken. If the post of Chair of a Department is vacated, an election shall be held within fourteen (14) days to elect a new Chair who will preside through the remainder of the term.

1.2.4 Department Chairs may be removed from office by the MEC if two-thirds (2/3) of the voting members of the department recommend such action or, in the absence of such recommendation, the MEC may remove a Chair on its own by a two thirds vote if the MEC determines that the Chair has failed to demonstrate, to the satisfaction of the MEC and the Board, that he or she is effectively carrying out the responsibilities of the position.

1.2.5 Department Chairs will be removed from office automatically if the following occurs:

- a. Initiation of corrective action under Part IV of these bylaws.
- b. The Chair suffers an involuntary loss or significant limitation of practice privileges.

1.2.6 If a Department Chair is removed through this process, a new election will be held according to Section 1.2.3 above.

1.3 Responsibilities of Department Chair

- a. To oversee all clinically-related activities of the Department;
- b. To oversee all administratively-related activities of the Department, unless otherwise provided by the hospital;
- c. To provide ongoing surveillance of the performance of all individuals in the medical staff Department who have been granted clinical privileges;

- d. To recommend to the Credentials and Bylaws Committee the criteria for requesting clinical privileges that are relevant to the care provided in the medical staff Department;
- e. To recommend clinical privileges for each member of the Department and other practitioners practicing with privileges within the scope of the Department;
- f. To assess and recommend to the MEC and hospital administration off-site sources for needed patient care services not provided by the medical staff Department or the hospital;
- g. To integrate the Department into the primary functions of the hospital;
- h. To coordinate and integrate interdepartmental and intradepartmental services and communication;
- i. To develop and implement medical staff and hospital policies and procedures that guide and support the provision of patient care services and review and update these, at least triennially, in such a manner to reflect required changes consistent with current practice, problem resolution, and standards changes;
- j. To recommend to the CEO sufficient numbers of qualified and competent persons to provide patient care and service;
- k. To provide input to the CEO regarding the qualifications and competence of Department or service personnel who are not licensed independent practitioners but provide patient care, treatment, and services;
- l. To continually assess and improve the quality of care, treatment, and services;
- m. To maintain quality control programs as appropriate;
- n. To orient and continuously educate all persons in the Department; and
- o. To make recommendations to the MEC and the hospital administration for space and other resources needed by the medical staff Department to provide patient care services.

1.4 Responsibilities of the Department Vice Chairs

In the absence of the Department Chair, the Department Vice Chair shall assume all the duties and have the authority of the Department Chair. S/he shall perform such further duties to assist the Department Chair as the Department Chair shall request from time to time.

1.5 Assignment to Department

Each physician or other practitioner privileged by the medical staff shall be assigned to one Department. Generally, the Department assignment will be based on the physician or other practitioner's specialty. For physicians or other practitioners who utilize a narrow scope of privileges within Shore Regional Health facilities (e.g., Family Practice physician who work solely in Express Care or see only pediatric patients in the hospital), assignment will be to the Department most appropriate for the scope of privileges granted.

Section 2. Functions of the Medical Staff

2.1 Responsibilities for Medical Staff Functions

The organized medical staff is actively involved in the measurement, assessment, and improvement of the functions outlined in Section 2.2 below with the ultimate responsibility lying with the MEC. The MEC may create committees to perform certain prescribed functions. The medical staff officers, Department Chairs, and administrative and medical staff committee chairs are responsible for working collaboratively to accomplish required medical staff functions. This process may include periodic reports, as appropriate, to a Department or committee and elevating issues of concern to the MEC, as needed, to ensure adherence to regulatory and accreditation compliance and appropriate standards of medical care.

2.2 Description of Medical Staff Functions

The medical staff, acting as a whole or through participation on Medical Staff or administrative committees, is responsible for the following activities. Governance, direction, coordination, and action

- a. Receive, coordinate, and act upon, as necessary, the reports and recommendations from Departments, committees, other groups, and officers concerning the functions assigned to them and the discharge of their delegated administrative responsibilities;
- b. Account to the Board and to the staff with written recommendations for the overall quality and efficiency of patient care at the hospital;
- c. Take reasonable steps to maintain professional and ethical conduct and initiate investigations, and pursue corrective action of practitioners with privileges when warranted;
- d. Make recommendations on medical, administrative, and hospital clinical and operational matters;
- e. Inform the medical staff of the accreditation and state licensure status of the hospital;
- f. Act on all matters of medical staff business, and fulfill any state and federal reporting requirements;
- g. Oversee, develop, and plan continuing medical education (CME) plans, programs, and activities that are designed to keep the staff informed of significant new developments and new skills in medicine that are related to the findings of performance improvement activities;
- h. Provide education on current ethical issues, recommend ethics policies and procedures, develop criteria and guidelines for the consideration of cases having ethical implications, and arrange for consultation with concerned physicians when ethical conflicts occur in order to facilitate and provide a process for conflict resolution;
- i. Provide oversight concerning the quality of care provided by residents, interns, students in professions eligible for privileging through the medical staff process; ensuring that the same act within approved guidelines established by the medical staff and governing body; and

- j. Ensure effective, timely, adequate and comprehensive communication between the members of the medical staff and medical staff leaders as well as between medical staff leaders and hospital administration and the Board.

2.2.1 Medical Care Evaluation/Performance Improvement/Patient Safety Activities

- a. Perform ongoing professional practice evaluations (OPPE) and focused professional practice evaluations (FPPE) when concerns arise from OPPE based on the general competencies defined by the medical staff;
- b. Set expectations and define both individual and aggregate measures to assess current clinical competency, provide feedback to practitioners and develop plans for improving the quality of clinical care provided;
- c. Actively be involved in the measurement, assessment, and improvement of activities of practitioner performance that include but are not limited to the following:

- Medical assessment and treatment of patients

- Use of medications

- Use of blood and blood components

- Operative and other procedures

- Education of patients and families

- Accurate, timely, and legible completion of patients' medical records to include the quality of medical histories and physical examinations

- Appropriateness of clinical practice patterns

- Significant departures from established pattern of clinical performance

- Use of developed criteria for autopsies

- Sentinel event data

- Patient safety data

- Coordination of care, treatment, and services with other practitioners and hospital personnel, as relevant to the care, treatment, and services of an individual patient

- Findings of the assessment process relevant to individual performance; and

- d. Communicate findings, conclusions, recommendations, and actions to improve the performance of practitioners to medical staff leaders and the Board, and define in writing the responsibility for acting on recommendations for practitioner improvement.

2.2.2 Hospital Performance Improvement and Patient Safety Programs

- a. Understand the medical staff's and administration's approach to and methods of performance improvement;
- b. Assist the hospital to ensure that important processes and activities to improve performance and patient safety are measured, assessed, and spread systematically across all disciplines throughout the hospital;
- c. Participate as requested in identifying and managing sentinel events and events that warrant intensive analysis; and

- d. Participate as requested in the hospital's patient safety program including measuring, analyzing, and managing variation in the processes that affect patient care to help reduce medical/healthcare errors.
- 2.2.3 Credentials review (see Part III: Credentials Procedures Manual)
- 2.2.4 Information Management
- a. Review and evaluate medical records to determine that they:
Properly describe the condition and progress of the patient, the quality of medical histories and physical examinations, the therapy, and the tests provided along with the results thereof, and the identification of responsibility for all actions taken; and are sufficiently complete at all times so as to facilitate continuity of care and communication between all those providing patient care services in the hospital.
 - b. Develop, review, enforce, and maintain surveillance over enforcement of medical staff and hospital policies relating to medical records including completion, preparation, forms, and format and recommend methods of enforcement thereof and changes therein; and
 - c. Provide liaison with hospital administration, nursing service, and medical records professionals in the utilization of the hospital on matters relating to medical records practices and information management planning.
- 2.2.5 Emergency Preparedness
- Assist the hospital administration in developing, periodically reviewing, and implementing an emergency preparedness program that addresses disasters both external and internal to the hospital.
- 2.2.6 Strategic Planning
- a. Participate in evaluating existing programs, services, and facilities of the hospital and medical staff; and recommend continuation, expansion, abridgment, or termination of each;
 - b. Participate in evaluating the financial, personnel, and other resource needs for beginning a new program or service, for constructing new facilities, or for acquiring new or replacement capital equipment; and assess the relative priorities of services and needs and allocation of present and future resources; and
 - c. Communicate strategic, operational, capital, human resources, information management, and corporate compliance plans to medical staff members.
- 2.2.7 Bylaws review
- a. Conduct periodic review of the medical staff bylaws and policies; and
 - b. Submit written recommendations to the MEC and, as appropriate, to the Board for amendments to the medical staff bylaws and policies.
- 2.2.8 Nominating
- a. Identify nominees for election to the officer positions and to other elected positions in the medical staff organizational structure; and

- b. In identifying nominees, consult with members of the staff, the MEC, and administration concerning the qualifications and acceptability of prospective nominees.

2.2.9 Infection Control Oversight

- a. The medical staff oversees the development and coordination of the hospital-wide program for surveillance, prevention, implementation, and control of infection;
- b. Develop and approve policies describing the type and scope of surveillance activities including:
 - Review of cumulative microbiology recurrence and sensitivity reports;
 - Determination of definitions and criteria for healthcare acquired infections;
 - Review of prevalence and incidence studies, as appropriate; and
 - Collection of additional data as needed.
- c. Approve infection prevention and control actions based on evaluation of surveillance reports and other information;
- d. Evaluate, develop, and revise a surveillance plan for all sampling of personnel and environments annually;
- e. Develop procedures and systems for identifying, reporting, and analyzing the incidence and causes of infections;
- f. Institute any surveillance, prevention, and control measures or studies when there is reason to believe any patient or personnel may be at risk;
- g. Report healthcare acquired infection findings to the attending physician and appropriate clinical or administrative leader; and
- h. Review all policies and procedures on infection prevention, surveillance, and control at least triennially.

2.2.10 Pharmacy and Therapeutics Functions

- a. Maintain a formulary of drugs approved for use by the hospital;
- b. Create treatment guidelines and protocols in cooperation with medical and nursing staff including review of clinical and prophylactic use of antibiotics;
- c. Monitor and evaluate the efforts to minimize drug misadventures (adverse drug reactions, medication errors, drug/drug interactions, drug/food interactions, pharmacist interventions);
- d. Perform drug usage evaluation studies on selected topics;
- e. Perform medication usage evaluation studies as required by The Joint Commission;
- f. Perform practitioner analysis related to medication use;
- g. Approve policies and procedures related to The Joint Commission Patient Care Standards: to include the review of nutrition policies and practices, including guidelines/protocols on the use of special diets and total parenteral nutrition; pain management; procurement; storage; distribution; use; safety procedures; and other matters relating to medication use within the hospital;

- h. Develop and measure indicators for the following elements of the patient treatment functions:
 - Prescribing/ordering of medications;
 - Preparing and dispensing of medications;
 - Administrating medications; and
 - Monitoring of the effects of medication.
- i. Analyze and profile data regarding the measurement of patient treatment functions by service and practitioner, where appropriate;
- j. Provide routine summaries of the above analyses and recommend process improvement when opportunities are identified;
- k. Serve as an advisory group to the hospital and medical staff pertaining to the choice of available medications; and
- l. Establish standards concerning the use and control of investigational medication and of research in the use of recognized medication.

2.2.11 Practitioner Health

- a. Evaluate the credibility of a complaint, allegation, or concern and establish a program for identifying and contacting practitioners who have become professionally impaired, in varying degrees, because of drug dependence (including alcoholism) or because of mental, physical, behavioral or aging problems. Refer the practitioner to appropriate professional internal or external resources for evaluation, diagnosis, and treatment;
- b. Establish programs for educating practitioners and staff to prevent substance dependence and recognize impairment;
- c. Notify the impaired practitioner's Department Chair and the MEC whenever the impaired practitioner's actions could endanger patients. The existence of the Practitioner Health Committee does not alter the primary responsibility of the Department Chair for clinical performance within that chair's Department;
- d. Create opportunities for referral (including self-referral) while maintaining confidentiality to the greatest extent possible; and
- e. Report to the MEC all practitioners providing unsafe treatment so that the practitioner can be monitored until his/her rehabilitation is complete and periodically thereafter.
- f. Design a process that allows practitioners to apply for reinstatement of their privileges after it is established that the practitioner has successfully completed a rehabilitation program in which the hospital has confidence.

2.2.12 Utilization Management

- a. Study recommendations from medical staff members, quality assessment coordinators and others to identify problems in utilization and the review program;
- b. Monitor the effectiveness of the review program and perform retrospective review in cases identified through the utilization management process;

- c. Forward all unjustified cases in any review category to the appropriate Department or committee for review and action;
- d. Review case-mix financial data and any other internal/external statistical data;
- e. Upon review of any data, conduct further studies, perform education or refer the data to the Medical Staff Quality Committee for their review and action;
- f. Develop, with the aid of legal counsel, policies to guide the director of utilization management, medical staff, and administration in matters of privileged communication and legal release of information.

Section 3. Medical Staff Committee and Department Meetings

3.1 General language governing committees

There shall be a medical executive committee (MEC) and such other standing and ad hoc committees as established by the MEC. Meetings of these committees will be either regular or special. Those functions requiring participation of, rather than direct oversight by, the medical staff may be discharged by medical staff representation on such administrative committees as are established to perform such functions. The President of the Medical Staff may appoint ad hoc committees as necessary to address time-limited or specialized tasks.

The following shall be the standing committees of the medical staff: Medical Executive Committee, Credentials and Bylaws Committee, Medical Staff Quality Committee(s), Clinical Excellence Committee, Practitioner Health Committee, and Nominating Committee. A committee shall meet as often as necessary to fulfill its responsibilities. The President of the Medical Staff may appoint additional ad hoc committees for specific purposes. Ad hoc committees will cease to meet when they have accomplished their appointed purpose or on a date set by the President of the Medical Staff when establishing the committee. The President of the Medical Staff and the CEO, or their designees, are ex officio members of all standing and ad hoc committees.

Committee members may be removed from the committee by the President of the Medical Staff or by action of the MEC for failure to remain a member of the medical staff in good standing or for failure to adequately participate in the activities of the committee. Any vacancy in any committee shall be filled for the remaining portion of the term in the same manner in which the original appointment was made.

Medical staff members may be appointed to administrative committees. If an administrative committee recommends an action that affects the practice of those granted privileges through the medical staff process, those recommendations must be approved by the MEC before they are effective. Regular

3.2 Meetings of Medical Staff Committees and Departments

Committees and Departments may, by resolution, provide the time for holding regular meetings without notice other than such resolution.

3.3 Special Meetings of Committees and Departments

A special meeting of any committee or department may be called by the committee chair or Chair of the Department thereof or by the President of the Medical Staff.

3.4 Notice of Meetings

Notice stating the place, day, and hour of any special meeting or of any regular meeting not held pursuant to resolution shall be delivered or sent to each member not less than three (3) days before the time of such meeting by the person or persons calling the meeting. The attendance of a member at a meeting shall constitute a waiver of notice of such meeting.

3.5 Attendance Requirements

Members of the Medical Executive, Medical Staff Quality and Credentials and Bylaws Committees are expected to attend at least sixty-seven (67%) of the meetings held. There are no attendance requirements for other medical staff committees.

3.6 Quorum

3.6.1 MEC, Medical Staff Quality Committee and Credentials and Bylaws Committee: A quorum will exist when fifty percent (50%) of the members are present or consulted in follow up to the meeting. When dealing with Category I requests for routine appointment, reappointment and clinical privileges the MEC quorum will consist of at least three members, one of which must represent the Chestertown campus.

3.6.2 Department meetings and medical staff committees other than those listed in 3.4.1 above: Those members present and eligible to vote.

3.7 Voting

A vote shall carry by a simple majority when a quorum is present

3.8 Participation by the CEO

The CEO or his/her designee may attend any committee or Department meetings of the medical staff as an ex-officio member without vote. A committee may go into executive session, with medical staff members only, when desired. Other individuals may be requested to say for executive session.

3.9 Rights of Ex-Officio Members

Except as otherwise provided in these bylaws, persons serving as ex-officio members of a committee shall have all rights and privileges of regular members except that they shall not vote, be able to make motions, or be counted in determining the existence of a quorum.

3.10 Robert's Rules of Order

Medical Staff committee meetings shall be run in a manner determined by the chair of the meeting. When parliamentary procedure is needed, as determined by the chair or evidenced by the majority vote of those attending the meeting, the latest abridged edition of Robert's Rules of Order shall determine procedure.

3.11 Minutes

Minutes of each regular and special meeting of a committee or department shall be prepared and shall include a record of the attendance of member and the vote taken on each matter. The presiding committee chair or Department Chair shall authenticate the minutes and be responsible for communicating any actions or recommendations to the Medical Executive Committee. Minutes shall be maintained in compliance with applicable law or regulation and Medical Staff policy.

3.12 MEC

Description of the MEC is in Part I: Governance; Section 5.

3.13 Credentials and Bylaws Committee

Description of the Credentials and Bylaws Committee is in Part III: Credentials Procedures Manual; Section 1 and its functions described in Section 1.3.8 above.

3.14 Medical Staff Quality Committee

- 3.14.1 **Composition:** There shall be one medical staff quality committee. This committee shall consist of members as defined in the Medical Staff Quality Committee charter of each division. Representatives from nursing service and hospital administration will serve as ex officio members at the invitation of the chair.
- 3.14.2 **Responsibilities:** The committee shall be responsible for those functions described in the Medical Staff Quality Committee charter and shall have the authority to pursue external peer review as required for OPPE and FPPE.

3.15 Clinical Excellence Committee (CEC)

- 3.15.1 **Composition:** The CEC shall consist of members as defined in the committee charter. Representatives from nursing services and hospital administration will serve as ex officio members as provided by the charter.
- 3.15.2 **Responsibilities:** The CEC shall be responsible for:
- a. Reporting to the MEC on issues affecting the quality of patient care at Shore Regional Health;
 - b. Reviewing, evaluating and making recommendations regarding the measurement, assessment, and improvement of medical staff performance, including:
 - i. Medical assessment and treatment of patients
 - ii. Clinical practice patterns
 - iii. Effective use of diagnostics and therapeutics
 - iv. Patient satisfaction
 - v. Quality of medical records, including the quality of medical histories and physical examinations
 - vi. Patient safety and sentinel event data
 - c. Reviewing and recommending to the MEC proposed clinical guidelines, pathways, order sets, etc.;
 - d. Evaluating the clinical appropriateness of new products and new or modified procedures as requested by the CMO;
 - e. Advising system administration on issues that affect clinical care (e.g., strategic planning, medical staff development, program development, prioritization of clinical capital investment); and
 - f. Preparation and dissemination of regular reports to the medical staff on the state of medical care quality at Shore Regional Health.

3.16 Practitioner Health Committee

- 3.16.1 **Composition:** The practitioner health committee shall consist of at least three (3) members of the voting medical staff.
- 3.16.2 **Responsibilities:** This committee shall be responsible for those functions described in section 2.1.11 above.

3.17 Nominating Committee

3.17.1 **Composition:** The nominating committee shall consist of three (3) voting members of the medical staff including the immediate Past President of the Medical Staff.

3.17.2 **Responsibilities:** The committee shall provide an annual slate of nominees for the elected medical staff positions in conformance with the restrictions as noted in these bylaws.

3.18 Ethics Committee

3.18.1 **Composition:** The Ethics Committee shall consist of members of the medical staff and other representatives of the Shore Regional Health region defined by the committee's MEC approved charter.

3.18.2 **Responsibilities/Operations:** The committee's responsibilities and operations are defined by the committee's MEC approved charter.

3.19 Research Review Committee

3.19.1 **Composition:** The Research Review Committee (RRC) shall consist of members of the medical staff and other representatives of the Shore Regional Health region defined by the committee's MEC approved charter.

3.19.2 **Responsibilities/Operations:** The committee's responsibilities and operations are defined by the committee's MEC approved charter.

Section 4. Confidentiality, Immunity, Releases, and Conflict of Interest

4.1 Confidentiality of Information

To the fullest extent permitted by law, the following shall be kept confidential:

- Information submitted, collected, or prepared by any representative of this or any other healthcare facility or organization or medical staff for the purposes of assessing, reviewing, evaluating, monitoring, or improving the quality and efficiency of healthcare provided;
- Evaluations of current clinical competence and qualifications for staff appointment/affiliation and/or clinical privileges or specified services; and
- Contributions to teaching or clinical research; or
- Determinations that healthcare services were indicated or performed in compliance with an applicable standard of care.

This information will not be disseminated to anyone other than a representative of the hospital or to other healthcare facilities or organizations of health professionals engaged in official, authorized activities for which the information is needed. Such confidentiality shall also extend to information provided by third parties. Each practitioner expressly acknowledges that violations of confidentiality provided here are grounds for immediate and permanent revocation of staff appointment/affiliation and/or clinical privileges or specified services.

4.2 Immunity from Liability

No representative of this healthcare organization shall be liable to a practitioner for damages or other relief for any decision, opinion, action, statement, or recommendation made within the scope of his/her duties as an official representative of the hospital or medical staff. No representative of this healthcare organization shall be liable for providing information, opinion, counsel, or services to a representative or to any healthcare facility or organization of health professionals concerning said practitioner. The immunity protections afforded in these bylaws are in addition to those prescribed by applicable state and federal law. The release of liability is for acts done in good faith and not done in a willful and wanton manner.

4.3 Covered Activities

4.3.1 The confidentiality and immunity provided by this article apply to all information or disclosures performed or made in connection with this or any other healthcare facility's or organization's activities concerning, but not limited to:

- a. Applications for appointment/affiliation, clinical privileges, or specified services;
- b. Periodic reappraisals for renewed appointments/affiliations, clinical privileges, or specified services;
- c. Corrective or disciplinary actions;
- d. Hearings and appellate reviews;
- e. Quality assessment and performance improvement/peer review activities;
- f. Utilization review and improvement activities;
- g. Claims reviews;
- h. Risk management and liability prevention activities; and

- i. Other hospital, committee, Department, or staff activities related to monitoring and maintaining quality and efficient patient care and appropriate professional conduct.

4.4 Releases

When requested by the President of the Medical Staff or designee, each practitioner shall execute general and specific releases. Failure to execute such releases shall result in an application for appointment, reappointment, or clinical privileges being deemed voluntarily withdrawn and not processed further.

4.5 Conflict of Interest

A member of the medical staff requested to perform a board designated medical staff responsibility (such as credentialing, peer review or corrective action) may have a conflict of interest if they may not be able to render an unbiased opinion. An absolute conflict of interest would result if the physician is the practitioner under review, his/her spouse, or his/her first degree relative (parent, sibling, or child). Potential conflicts of interest are either due to a provider's involvement in the patient's care not related to the issues under review or because of a relationship with the physician involved as a direct competitor, partner, key referral source or a relationship with another organization that has a simultaneous relationship with Shore Regional Health. It is the obligation of the individual physician to disclose the potential conflict. (See Medical Staff Policy: Medical Staff Leader Conflict of Interest).

MEDICAL STAFF BYLAWS

Part III: Credentials Procedures Manual

Effective November 19, 2018

Table of Contents

Section 1.	Medical Staff Credentials and Bylaws Committee	1
Section 2.	Qualifications for Membership and/or Privileges	3
Section 3.	Initial Appointment Procedure	6
Section 4.	Reappointment	14
Section 5.	Clinical Privileges	16
Section 6.	Clinical Competency Evaluation	22
Section 7.	Reapplication after Modifications of Membership Status or Privileges and Exhaustion of Remedies	23
Section 8.	Leave of Absence	25
Section 9.	Practitioners Providing Contracted Services	26
Section 10.	Medical Administrative Officers	27

Section 1. Medical Staff Credentials and Bylaws Committee

1.1 Composition

Membership of the medical staff Credentials and Bylaws Committee shall consist members of the Medical Staff who represent the Medical Staff Departments. The President of the Medical Staff will appoint the Chair and other members. Members will be appointed for three (3) year terms with the initial terms staggered such that approximately one third of the members will be appointed each year. The chair will be appointed for a three (3) year term. The chair and members may be reappointed for additional terms with a limit of three (3) consecutive terms. Any member, including the chair, may be relieved of his/her committee membership by a two-thirds (2/3) vote of the MEC. The committee may also invite members such as representatives from hospital administration and the Board.

1.2 Meetings

The medical staff Credentials and Bylaws Committee shall meet on call of the chair or President of the Medical Staff.

1.3 Responsibilities

- 1.3.1 To review and recommend action on all applications and reapplications for membership on the medical staff including assignments of medical staff category;
- 1.3.2 To review and recommend action on all requests regarding privileges from eligible practitioners;
- 1.3.3 To recommend eligibility criteria for the granting of medical staff membership and privileges;
- 1.3.4 To develop, recommend, and consistently implement policy and procedures for all credentialing and privileging activities;
- 1.3.5 To review, and where appropriate take action on, reports that are referred to it from other medical staff committees, medical staff or hospital leaders;
- 1.3.6 To perform such other functions as requested by the MEC.

1.4 Confidentiality

This committee shall function as a peer review committee consistent with federal and state law. All members of the committee shall, consistent with the medical staff and hospital confidentiality policies, keep in strict confidence all papers, reports, and information obtained by virtue of membership on the committee.

- 1.4.1 The credentials file is the property of the hospital and will be maintained with strictest confidence and security. The files will be maintained by the designated agent of the hospital in locked file cabinets or in secure electronic format. Medical staff and administrative leaders may access credential files for appropriate peer review and institutional reasons. Files may be shown to accreditation and licensure agency representatives with permission of the CEO or designee.

1.4.2 Individual practitioners may review their credentials file under the following circumstances:

Only upon written request approved by the President of the Medical Staff, credentials chair or CMO. Review of such files will be conducted in the presence of the medical staff service professional, medical staff leader, or a designee of administration. Confidential letters of reference may not be reviewed by practitioners and will be sequestered in a separate file and removed from the formal credentials file prior to review by a practitioner. Nothing may be removed from the file. Only correspondence directly addressed to the practitioner or supplied by the practitioner may be copied from the file. The practitioner may make notes for inclusion in the file. A written or electronic record will be made and placed in the file confirming the dates and circumstances of the review.

Section 2. Qualifications for Membership and/or Privileges

- 2.1** No practitioner shall be entitled to membership on the medical staff or to privileges merely by virtue of licensure, membership in any professional organization, or privileges at any other healthcare organization.
- 2.2** The following qualifications must be met and continuously maintained by all applicants for medical staff appointment, reappointment, or clinical privileges:
- 2.2.1 Demonstrate that s/he has successfully graduated from an approved school of medicine, osteopathy, dentistry, podiatry, or applicable recognized course of training in a clinical profession eligible to hold privileges;
 - 2.2.2 Have a current unrestricted state license as a practitioner, applicable to his or her profession, and providing permission to practice within the state of Maryland;
 - 2.2.3 Have a record that is free from current Medicare/Medicaid sanctions and not be on the OIG List of Excluded Individuals/Entities;
 - 2.2.4 Have a record that shows the applicant has never been convicted of, or entered a plea of guilty or no contest to, any felony, or to any misdemeanor relating to controlled substances, illegal drugs, insurance or health care fraud or abuse, violence, or physical/sexual abuse;
 - 2.2.5 A physician applicant, MD, or DO, must have successfully completed an allopathic or osteopathic residency program, approved by the Accreditation Council for Graduate Medical Education (ACGME) or the American Osteopathic Association (AOA). An applicant for clinical privileges must have completed formal training as defined by the appropriate specialty board of the American Board of Medical Specialties or the American Osteopathic Association, be currently board certified in the subspecialty of practice or be qualified to pursue the required board certification and become board certified in the subspecialty of practice with five (5) years of initial grant of privileges. Failure to achieve board certification or to maintain certification as required will result in the physician being ineligible for renewal of privileges.
 - 2.2.5.1. Physicians who were members of the Shore Health or Chester River Medical Staff prior to January 1, 2015 are not required to obtain certification.
 - 2.2.5.2. For Emergency Medicine physicians, board certification must be by the American Board of Emergency Medicine, the American Osteopathic Board of Emergency Medicine or American Association of Physician Specialists – Emergency Medicine (BCEM).
 - 2.2.6 Dentists must have graduated from an American Dental Association approved school of dentistry accredited by the Commission of Dental Accreditation;
 - 2.2.7 Oral and maxillofacial surgeons must have graduated from an American Dental Association approved school of dentistry accredited by the Commission of Dental Accreditation and successfully completed an American Dental Association approved residency program. An applicant for clinical privileges must be board certified or become board certified within five (5) years of completing formal training as defined by the American Board of Oral and Maxillofacial Surgery. Failure to achieve board certification or to maintain certification as required will result in the oral and maxillofacial surgeon being ineligible for renewal of privileges;

- 2.2.8 A podiatric physician, DPM, must have successfully completed a two-year (2) residency program in surgical, orthopedic, or podiatric medicine approved by the Council on Podiatric Medical Education of the American Podiatric Medical Association (APMA). An applicant for clinical privileges must be certified by the American Board of Podiatric Surgery. Failure to achieve board certification or to maintain certification as required will result in the podiatrist being ineligible for renewal of privileges;
- 2.2.9 A psychologist must have earned a doctorate degree, (PhD or Psy.D, in psychology) from an educational institution accredited by the American Psychological Association and have completed at least two (2) years of clinical experience in an organized healthcare setting, supervised by a licensed psychologist, one (1) year of which must have been post doctorate, and have completed an internship endorsed by the American Psychological Association (APA). An applicant for clinical privileges must be board certified as appropriate to the area of clinical practice. Failure to achieve board certification or to maintain certification as required will result in the physician being ineligible for renewal of privileges.
- 2.2.10 Members of the Medical Staff are expected to maintain board certification in their subspecialty(ies) of practice as defined above. A member who fails to maintain certification or achieve recertification, as required by the member's certifying board, within five (5) years of failure to maintain certification or expiration of certification(s) will not be eligible to apply for reappointment and/or renewal of privileges. Exemptions for continued maintenance of board certification will automatically be granted to practitioners who are greater than sixty (60) years of age and have maintained certification for greater than twenty (20) years as members of the Shore Regional Medical Staff;
- 2.2.11 Possess a current, valid, unrestricted drug enforcement administration (DEA) number and Maryland Controlled Dangerous Substances (CDS) registration, if applicable;
- 2.2.12 Have appropriate written and verbal communication skills;
- 2.2.13 Have appropriate personal qualifications, including applicant's consistent observance of ethical and professional standards. These standards include, at a minimum:
 - a. Abstinence from any participation in fee splitting or other illegal payment, receipt, or remuneration with respect to referral or patient service opportunities; and
 - b. A history of consistently acting in a professional, appropriate, and collegial manner with others in previous clinical and professional settings.
- 2.3 In addition to privilege-specific criteria, the following qualifications must also be met and maintained by all applicants requesting clinical privileges:
 - 2.3.1 Demonstrate his/her background, experience, training, current competence, knowledge, judgment, and ability to perform all privileges requested;
 - 2.3.2 Upon request provide evidence of both physical and mental health that does not impair the fulfillment of his/her responsibilities of medical staff membership and/or the specific privileges requested by and granted to the applicant;
 - 2.3.3 Any practitioner granted privileges who may have occasion to admit an inpatient must demonstrate the capability to provide continuous and timely care to the satisfaction of the MEC and Board;

- 2.3.4 Demonstrate recent clinical performance within the last twenty-four (24) months with an active clinical practice in the area in which clinical privileges are sought adequate to meet current clinical competence criteria;
- 2.3.5 The applicant is requesting privileges for a service the Board has determined appropriate for performance at the hospital. There must also be a need for this service under any Board approved medical staff development plan;
- 2.3.6 Provide evidence of professional liability insurance appropriate to all privileges requested and of a type and in an amount established by the Board after consultation with the MEC.

2.4 Exceptions

- 2.4.1 Only the Board may create additional exceptions but only after consultation with the MEC and if there is documented evidence that a practitioner demonstrates an equivalent competence in the areas of the requested privileges.

Section 3. Initial Appointment Procedure

3.1 Completion of Application

3.1.1 All requests for applications for appointment to the medical staff and requests for clinical privileges will be forwarded to the medical staff office. Upon receipt of the request, the medical staff office will provide the applicant with an application form. An application package, which will include a complete set or overview of the medical staff bylaws or reference to an electronic source for this information will be sent to the applicant. This package will enumerate the eligibility requirements for medical staff membership and/or privileges and a list of expectations of performance for individuals granted medical staff membership or privileges.

A completed application includes, at a minimum:

- a. A completed, signed, dated application form;
- b. A completed privilege delineation form if requesting privileges;
- c. Copies of all requested documents and information necessary to confirm the applicant meets criteria for membership and/or privileges and to establish current competency;
- d. All applicable fees;
- e. A current picture ID card issued by a state or federal agency (e.g. driver's license or passport) or current picture hospital ID card;
- f. Receipt of at least one reference; references shall come from peers knowledgeable about the applicant's experience, ability, and current competence to perform the privileges being requested;
- g. Relevant practitioner-specific data as compared to aggregate data, when available; and
- h. Morbidity and mortality data, when available.

An application shall be deemed incomplete if any of the above items are missing or if the need arises for new, additional, or clarifying information in the course of reviewing an application. An incomplete application will not be processed and the applicant will not be entitled to a fair hearing. Anytime in the credentialing process it becomes apparent that an applicant does not meet all eligibility criteria for membership or privileges, the credentialing process will be terminated and no further action taken.

3.1.2 The burden is on the applicant to provide all required information. It is the applicant's responsibility to ensure that the medical staff office receives all required supporting documents verifying information on the application and to provide sufficient evidence, as required in the sole discretion of the hospital, that the applicant meets the requirements for medical staff membership and/or the privileges requested. If information is missing from the application, or new, additional, or clarifying information is required, a letter (written or electronic) requesting such information will be sent to the applicant. If the requested information is not returned to the medical staff office within forty-five (45) calendar days of the receipt of the request letter, the application will be deemed to have been voluntarily withdrawn.

- 3.1.3 Upon receipt of a completed application the CMO will determine if the requirements of sections 2.2 and 2.3 are met. In the event the requirements of sections 2.2 and 2.3 are not met, the potential applicant will be notified that s/he is ineligible to apply for membership or privileges on the medical staff, the application will not be processed and the applicant will not be eligible for a fair hearing. If the requirements of sections 2.2 and 2.3 are met, the application will be accepted for further processing.
- 3.1.4 Individuals seeking appointment shall have the burden of producing information deemed adequate by the hospital for a proper evaluation of current competence, character, ethics, and other qualifications, and of resolving any doubts.
- 3.1.5 Upon receipt of a completed application, the medical staff office will verify current licensure, education, relevant training, and current competence from the primary source whenever feasible, or from a credentials verification organization (CVO). When it is not possible to obtain information from the primary source, reliable secondary sources may be used if there has been a documented attempt to contact the primary source. In addition, the medical staff office will collect relevant additional information which may include:
- a. Information from all prior and current liability insurance carriers concerning claims, suits, settlements, and judgments, (if any) during the past five (5) years, if applicable;
 - b. Verification of the applicant's past clinical work experience;
 - c. Healthcare licensure status in all current or past states of licensure at the time of initial granting of membership or privileges; in addition, the medical staff office will primary source verify all current licensure at the time of renewal or revision of clinical privileges, whenever a new privilege is requested, and at the time of license expiration;
 - d. Verification of current DEA and Maryland Controlled Dangerous Substances (CDS) registrations;
 - e. Verification of current professional liability insurance coverage in an amount as defined by the Board or a validated "Intent to Insure" certificate;
 - f. Information from the AMA or AOA Physician Profile and the OIG list of Excluded Individuals/Entities;
 - g. Information from professional training programs including residency and fellowship programs;
 - h. Information from the National Practitioner Data Bank (NPDB);
 - i. Other information about adverse credentialing and privileging decisions;
 - j. One or more peer recommendations, as selected by the Credentials and Bylaws Committee, chosen from practitioner(s) who have observed the applicant's clinical and professional performance and can evaluate the applicant's current medical/clinical knowledge, technical and clinical skills, clinical judgment, interpersonal skills, communication skills, and professionalism as well as the physical, mental, and emotional ability to perform requested privileges;
 - k. Information from a criminal background check;
 - l. Information from any other sources relevant to the qualifications of the applicant to serve on the medical staff and/or hold privileges;

- m. Morbidity and mortality data and relevant practitioner-specific data as compared to aggregate data, when available.

Note: In the event there is undue delay in obtaining required information, the medical staff office will request assistance from the applicant. During this time period, the “time periods for processing” the application will be appropriately modified. Failure of an applicant to adequately respond to a request for assistance after forty-five calendar days will be deemed a withdrawal of the application.

- 3.1.6 When the items identified in Section 3.1.5 above have been obtained, the file will be considered verified and complete and eligible for evaluation.

3.2 Applicant’s Attestation, Authorization, and Acknowledgement

The applicant must complete and sign the application form. By signing this application the applicant:

- 3.2.1 Attests to the accuracy and completeness of all information on the application or accompanying documents and agreement that any substantive inaccuracy, omission, or misrepresentation, whether intentional or not, may be grounds for termination of the application process without the right to a fair hearing or appeal. If the inaccuracy, omission, or misstatement is discovered after an individual has been granted appointment and/or clinical privileges, the individual’s appointment and privileges may lapse effective immediately upon notification of the individual without the right to a fair hearing or appeal.
- 3.2.2 Agrees to immediately notify the hospital in writing should any of the information in the application change during the pendency of the application or the period of the applicant’s medical staff membership or privileges.
- 3.2.3 Consents to appear for any requested interviews in regard to his/her application.
- 3.2.4 Authorizes the hospital and medical staff representatives to consult with prior and current associates and others who may have information bearing on his/her professional competence, character, ability to perform the privileges requested, ethical qualifications, ability to work cooperatively with others, and other qualifications for membership and the clinical privileges requested.
- 3.2.5 Consents to hospital and medical staff representatives’ inspection of all records and documents that may be material to an evaluation of:
 - a. Professional qualifications and competence to carry out the clinical privileges requested;
 - b. Physical and mental/emotional health status to the extent relevant to safely perform requested privileges;
 - c. Professional and ethical qualifications;
 - d. Professional liability actions including currently pending claims involving the applicant; and
 - e. Any other issue relevant to establishing the applicant’s suitability for membership and/or privileges.

- 3.2.6 Releases from liability and promises not to sue, all individuals and organizations who provide information to the hospital or the medical staff, including otherwise privileged or confidential information to the hospital representatives concerning his/her background; experience; competence; professional ethics; character; physical and mental health to the extent relevant to the capacity to fulfill requested privileges; emotional stability; utilization practice patterns; and other qualifications for staff appointment and clinical privileges.
- 3.2.7 Authorizes the hospital medical staff and administrative representatives to release any and all credentialing and peer review information to other hospitals, licensing boards, appropriate government bodies and other health care entities or to engage in any valid discussion relating to the past and present evaluation of the applicant's training, experience, character, conduct, judgment, or other matters relevant to the determination of the applicant's overall qualifications upon appropriately signed release of information document(s). Acknowledges and consents to agree to an absolute and unconditional release of liability and waiver of any and all claims, lawsuits, or challenges against any medical staff or hospital representative regarding the release of any requested information and further, that all such representatives shall have the full benefit of this release and absolute waiver as well as any legal protections afforded under the law.
- 3.2.8 Acknowledges that the applicant has had access to the medical staff bylaws, including all policies and procedures of the medical staff, and agrees to abide by their provisions.

Notwithstanding section 3.2.5 through 3.2.7, if an individual institutes legal action and does not prevail, s/he shall reimburse the hospital and any member of the medical staff named in the action for all costs incurred in defending such legal action, including reasonable attorney(s) fees.

3.3 Application Evaluation

- 3.3.1 **Credentialing Process:** An expedited review and approval process may be used for initial appointment, for reappointment, or for requests for new privileges between reappointment cycles. All initial applications for membership and/or privileges will be designated Category 1 or Category 2 as follows;

Category 1: A completed application that does not raise concerns as identified in the criteria for Category 2. Applicants in Category 1 will be granted medical staff membership and/or privileges after review and action by the following: Department Chair (or designee), credentials chair (or designee) acting on behalf of the Credentials and Bylaws Committee, an MEC subcommittee consisting of at least three members (one of which must be from the Chestertown campus) and a Board committee consisting of at least two individuals. If at any point in the evaluation process an application is designated as Category 2, the application will be submitted to the Credentials and Bylaws Committee for consideration and evaluation as a Category 2 application. Such consideration shall not be deemed to be an adverse action relative to the applicant.

Category 2: If one or more of the following criteria are identified in the course of reviewing a completed and verified application, the application will be treated as Category 2. Applications in Category 2 must be reviewed and acted on by the Department Chair, Credentials and Bylaws Committee, MEC, and the Board. The Credentials and Bylaws Committee may request that an appropriate subject matter expert assess selected applications. At all stages in this review process, the burden is upon the applicant to provide evidence that s/he meets the criteria for membership on the medical staff and for the granting of requested privileges. Criteria for Category 2 applications include but are not necessarily limited to the following:

- a. The applicant is found to have experienced an involuntary termination of medical staff membership or involuntary limitation, reduction, denial, or loss of clinical privileges at another organization or has a current challenge or a previously successful challenge to licensure or registration;
- b. Applicant is, or has been, under investigation by a state medical board or has prior disciplinary actions or legal sanctions;
- c. Applicant has had any malpractice cases filed within the past five (5) years;
- d. Applicant changed medical schools or residency programs or has gaps in training or practice;
- e. Applicant has changed practice affiliations more than two (2) times in the past ten (10) years (initial application only);
- f. Applicant has one or more reference responses that raise concerns or questions;
- g. Discrepancy is found between information received from the applicant and references or verified information;
- h. Applicant has an adverse National Practitioner Data Bank report related to behavioral issues;
- i. The request for privileges are not reasonable based upon applicant's experience, training, and demonstrated current competence, and/or is not in compliance with applicable criteria;
- j. Applicant has been removed from a managed care panel for reasons of professional conduct or quality;
- k. Applicant has potentially relevant physical, mental, and/or emotional health problems;
- l. Other reasons as determined by a medical staff leader or other representative of the hospital which raise questions about the qualifications, competency, professionalism, or appropriateness of the applicant for membership or privileges.

3.3.2 Applicant Interview

- a. All applicants for appointment to the medical staff and/or the granting of clinical privileges may be required to participate in an interview at the discretion of the Department Chair, Credentials and Bylaws Committee, MEC, or Board. The interview may take place in person or by telephone at the discretion of the hospital or its agents. The interview may be used to solicit information required to complete the credentials file or clarify information previously provided, e.g., clinical knowledge and judgment, professional behavior, malpractice history, reasons for leaving past healthcare organizations, or other matters bearing on the applicant's ability to render care at the generally recognized level for the community. The interview may also be used to communicate medical staff performance expectations.
- b. Procedure: the applicant will be notified if an interview is requested. Refusal of the applicant to appear for a scheduled interview will be deemed a withdrawal of the application.

3.3.3 Department Chair Action

- a. All completed applications are presented to the Department Chair for review, and recommendation. The Department Chair reviews the application to ensure that it fulfills the established standards for membership and/or clinical privileges. The Department Chair, in consultation with the medical staff professional, determines whether the application is forwarded as a Category 1 or Category 2. The Department Chair may obtain input if necessary from an appropriate subject matter expert. If a Department Chair believes a conflict of interest exists that might preclude his/her ability to make an unbiased recommendation, s/he will forward the application to the Department Vice Chair for their review. If both the Department Chair and the Department Vice Chair believe a conflict of interest exists that might preclude their ability to make an unbiased evaluation, they will notify the credentials chair and forward the application without comment.
- b. The Department Chair forwards to the medical staff Credentials and Bylaws Committee the following:

A recommendation as to whether the application should be acted on as Category 1 or Category 2;

A recommendation to approve the applicant's request for membership and/or privileges; to approve membership but modify the requested privileges; or deny membership and/or privileges; and

A recommendation to define those circumstances which require monitoring and evaluation of clinical performance after initial grant of clinical privileges.

Comments to support these recommendations, if applicable.

3.3.4 Medical Staff Credentials and Bylaws Committee Action

If the application is designated Category 1, it is presented to the credentials chair (or designee) for review and recommendation. The credentials chair (or designee) reviews the application to ensure that it fulfills the established standards for membership and/or clinical privileges. The credentials chair (or designee) has the opportunity to determine whether the application is forwarded as a Category 1 or may change the designation to a Category 2. If forwarded as a Category 1, the credentials chair (or designee) acts on behalf of the medical staff Credentials and Bylaws Committee and the application is presented to the MEC for review and recommendation. If designated Category 2, the medical staff Credentials and Bylaws Committee reviews the application and forwards the following to the MEC:

- a. A recommendation as to whether the application should be acted on as Category 1 or Category 2;
- b. A recommendation to approve the applicant's request for membership and/or privileges; to approve membership but modify the requested privileges; or deny membership and/or privileges; and
- c. A recommendation to define those circumstances which require monitoring and evaluation of clinical performance after initial grant of clinical privileges.
- d. Comments to support these recommendations, if applicable.

3.3.5 MEC Action

If the application is designated Category 1 by the Credentials and Bylaws Committee, it is presented to the MEC which may meet in accordance with quorum requirements established for expedited credentialing. The President of the Medical Staff has the opportunity to determine whether the application is forwarded as a Category 1, or may change the designation to a Category 2. The application is reviewed to ensure that it fulfills the established standards for membership and/or clinical privileges. The MEC forwards the following to the Board:

- a. A recommendation as to whether the application should be acted on as Category 1 or Category 2;
- b. A recommendation to approve the applicant's request for membership and/or privileges; to approve membership but modify the requested privileges; or deny membership and/or privileges; and
- c. A recommendation to define those circumstances which require monitoring and evaluation of clinical performance after initial grant of clinical privileges.
- d. Comments to support these recommendations, if applicable.

Whenever the MEC makes an adverse recommendation to the Board, a special notice, stating the reason, will be sent to the applicant who shall then be entitled to the procedural rights provided in Part IV of these bylaws (Investigation, Corrective Action, Hearing and Appeal Plan).

3.3.6 Board Action:

3.3.6.1 If the application is designated by the MEC as Category 1 it is presented to the Board or an appropriate subcommittee of at least two (2) members where the application is reviewed to ensure that it fulfills the established standards for membership and clinical privileges. If the Board or subcommittee agrees with the recommendations of the MEC, the application is approved and the requested membership and/or privileges are granted for a period not to exceed twenty-four (24) months. If a subcommittee takes the action, it is reported to the entire Board at its next scheduled meeting. If the Board or subcommittee disagrees with the recommendation, then the procedure for processing Category 2 applications will be followed.

3.3.6.2 If the application is designated as a Category 2, the Board reviews the application and votes for one of the following actions:

- a. Grant the appropriate membership and/or privileges for a period not to exceed twenty-four months;
- b. Refer the recommendation to the MEC for further consideration stating the reasons for such referral back and setting a time limit within which a subsequent recommendation must be made; or
- c. Reject in whole or in part a recommendation of the MEC.

If the board's action is adverse to the applicant, a special notice, stating the reason, will be sent to the applicant who shall then be entitled to the procedural rights provided in Part IV of these bylaws (Investigation, Corrective Action, Hearing and Appeal Plan).

3.3.7 **Notice of final decision:** Notice of the Board's final decision shall be given, through the CEO to the MEC and to the Chair of each Department concerned. The applicant shall receive written notice of appointment and special notice of any adverse final decisions in a timely manner. A decision and notice of appointment includes the staff category to which the applicant is appointed, the Department to which s/he is assigned, the clinical privileges s/he may exercise, the timeframe of the appointment, and any special conditions attached to the appointment.

3.3.8 **Time periods for processing:** All individual and groups acting on an application for staff appointment and/or clinical privileges must do so in a timely and good faith manner, and, except for good cause, each application will be processed within 180 (one-hundred eighty) calendar days.

These time periods are deemed guidelines and do not create any right to have an application processed within these precise periods. If the provisions of Part IV of these bylaws (Investigation, Corrective Action, Hearing and Appeal Plan) are activated, the time requirements provided therein govern the continued processing of the application.

Section 4. Reappointment

4.1 Criteria for Reappointment

- 4.1.1 It is the policy of the hospital to approve for reappointment and/or renewal of privileges only those practitioners who meet the criteria for initial appointment as identified in section 2. The MEC must also determine that the practitioner provides effective care that is consistent with the hospital standards regarding ongoing quality and the hospital performance improvement program. The practice of members of the Community Staff and those assigned to the Affiliated Professional Staff who do not hold clinical privileges is not reflected in the hospital performance improvement program. Therefore, those practitioners will not be included in reappointment/privileges renewal process. The practitioner must provide the information enumerated in Section 4.2 below. All reappointments and renewals of clinical privileges are for a period not to exceed twenty-four (24) months.

4.2 Information Collection and Verification

- 4.2.1 **From appointee:** On or before four (4) months prior to the date of expiration of a medical staff appointment or grant of privileges, a representative from the medical staff office notifies the practitioner of the date of expiration and supplies him/her with an application for reappointment for membership and/or privileges. At least sixty (60) calendar days prior to this date the practitioner must return the following to the medical staff office:
- a. A completed reapplication form, which includes complete information to update his/her file on items listed in his/her original application, any required new, additional, or clarifying information, and any required fees or dues;
 - b. Information concerning continuing training and education internal and external to the hospital during the preceding period; and
 - c. By signing the reapplication form the appointee agrees to the same terms as identified in Section 3.2 above.
- 4.2.2 From internal and/or external sources: The medical staff office collects and verifies information regarding each practitioner's professional and collegial activities to include those items identified in medical staff policy *Reappointment of Medical Staff Membership and/or Renewal of Clinical Privileges*.
- 4.2.3 The following information is also collected and verified:
- a. A summary of clinical activity at this hospital for each practitioner due for reappointment;
 - b. Performance and conduct in this hospital and other healthcare organizations in which the practitioner has provided substantial clinical care since the last reappointment, including patient care, medical/clinical knowledge, practice-based learning and improvement, interpersonal and communication skills, professionalism, and system-based practice;
 - c. Attestation of any required hours of continuing medical education activity;
 - d. Timely and accurate completion of medical records;

- e. Compliance with all applicable bylaws, policies and procedures of the hospital and medical staff;
 - f. Any significant gaps in employment or practice since the previous appointment or reappointment;
 - g. Verification of current licensure;
 - h. National Practitioner Data Bank query and information from the OIG List of Excluded Individuals/Entities;
 - i. When sufficient peer review data is not available to evaluate competency, one or more peer recommendations, as selected by the Credentials and Bylaws Committee, chosen from practitioner(s) who have observed the applicant's clinical and professional performance and can evaluate the applicant's current medical/clinical knowledge, technical and clinical skills, clinical judgment, interpersonal skills, communication skills, and professionalism as well as the physical, mental, and emotional ability to perform requested privileges; and
 - j. Malpractice history for the past two (2) years, which is primary source verified by the medical staff office with the practitioner's malpractice carrier(s), if possible.
- 4.2.4 Failure, without good cause, to provide any requested information, at least sixty (60) calendar days prior to the expiration of appointment will result in a cessation of processing of the application and automatic expiration of appointment when the appointment period is concluded.

4.3 Evaluation of Application for Reappointment of Membership and/or Privileges

- 4.3.1 Expedited review reappointment applications will be categorized as described in Section 3.3.1 above.
- 4.3.2 The application will be reviewed and acted upon as described in Sections 3.3.3 through 3.3.7 above. A suitable peer shall substitute for the Department Chair in the evaluation of current competency of the Department Chair, and recommend appropriate action to the Credentials and Bylaws Committee. For the purpose of reappointment to membership and renewal of clinical privileges an "adverse recommendation" by the Board as used in section 3 means a recommendation or action to deny reappointment to membership, or to deny or restrict requested clinical privileges or any action which would entitle the applicant to a Fair Hearing under Part IV of the medical staff bylaws. The terms "applicant" and "appointment" as used in these sections shall be read respectively, as "staff appointee" and "reappointee".

Section 5. Clinical Privileges

5.1 Exercise of privileges

Clinical privileges will be separately delineated by each division to reflect the various services available at each campus. A practitioner providing clinical services may exercise only those privileges granted to him/her by the Board or emergency or disaster privileges as described herein. Privileges may be granted by the Board upon recommendation of the MEC to practitioners who are not members of the medical staff. Such individuals may be Clinical Psychologists, Advance Practice Registered Nurses (APRNs), Physician Assistants (PAs), physicians serving locum tenens positions, telemedicine physicians, or house staff such as residents moonlighting in the hospital, or others deemed appropriate by the MEC and Board.

5.2 Requests for Privileges

When applicable, each application for appointment or reappointment to the medical staff or for privileges must contain a request for the specific clinical privileges the applicant desires. Specific requests must also be submitted for temporary privileges and for modifications of privileges in the interim between reappointments and/or granting of privileges. The granting of new clinical privileges to currently privileged practitioners will follow the steps described in Section 3 above concerning the initial granting of new clinical privileges and Section 6.1 below concerning focused professional practice evaluation.

5.3 Basis for Privileges Determination

5.3.1 Requests for clinical privileges will be considered only when accompanied by evidence of education, training, experience, and demonstrated current competence as specified by the hospital in its Board approved criteria for clinical privileges.

5.3.2 Privileges for which no criteria have been established:

In the event a request for a privilege is submitted for a new technology, a procedure new to the hospital, an existing procedure used in a significantly different manner, or involving a cross-specialty privilege for which no criteria have been established, the request will be tabled for a reasonable period of time, usually not to exceed sixty (60) calendar days. During this time the MEC will:

- a. Review the community, patient, and hospital need for the privilege and reach agreement with management and the Board that the privilege is approved to be exercised at the hospital;
- b. Review with members of the Credentials and Bylaws Committee the efficacy and clinical viability of the requested privilege and confirm that this privilege is approved for use in the setting-specific area of the hospital by appropriate regulatory agencies (FDA, OSHA, etc.);
- c. Meet with management to ensure that the new privilege is consistent with the hospital's mission, values, strategic, operating, capital, information, and staffing plans; and

- d. Work with management to ensure that any/all exclusive contract issues, if applicable are resolved in such a way to allow the new or cross-specialty privileges in question to be provided without violating the existing contract. Upon recommendation from the Credentials and Bylaws Committee and appropriate Department or subject matter experts (as determined by the Credentials and Bylaws Committee), the MEC will formulate the necessary criteria and recommend these to the Board. Once objective criteria have been established, the original request will be processed as described herein:

For the development of criteria, the medical staff service professional (or designee) will compile information relevant to the privileges requested which may include, but need not be limited to, position and opinion papers from specialty organizations, white papers from the Credentialing Resource Center and others as available, position and opinion statements from interested individuals or groups, and documentation from other hospitals in the region as appropriate;

Criteria to be established for the privilege(s) in question include education, training, board status, certification (if applicable), experience, and evidence of current competence. Proctoring requirements will be addressed including who may serve as proctor and how many proctored cases will be required. Hospital related issues such as exclusive contracts, equipment, clinical support staff and management will be referred to the appropriate hospital administrator and/or department director; and

If the privileges requested overlap two or more specialty disciplines, an ad hoc committee will be appointed by the credentials chair to recommend criteria for the privilege(s) in question. This committee will consist of at least one, but not more than two, members from each involved discipline. The chair of the ad hoc committee will be a member of the Credentials and Bylaws Committee who has no vested interest in the issue.

- 5.3.3 Requests for clinical privileges will be consistently evaluated on the basis of prior and continuing education, training, experience, utilization practice patterns, current ability to perform the privileges requested, and demonstrated current competence, ability, and judgment. Additional factors that may be used in determining privileges are patient care needs and the hospital's capability to support the type of privileges being requested and the availability of qualified coverage in the applicant's absence. The basis for privileges determination to be made in connection with periodic reappointment or a requested change in privileges must include documented clinical performance and results of the practitioner's performance improvement program activities. Privileges determinations will also be based on pertinent information from other sources, such as peers and/or faculty from other institutions and health care settings where the practitioner exercises clinical privileges.
- 5.3.4 The procedure by which requests for clinical privileges are processed are as outlined in Section 3 above.

5.4 Special Conditions for Dental Privileges

Requests for clinical privileges for dentists are processed in the same manner as all other privilege requests. Privileges for surgical procedures performed by dentists and/or oral and maxillofacial surgeons will require that all dental patients receive a basic medical evaluation (history and physical) by a practitioner with privileges to perform such an evaluation, which will be recorded in the medical record. Oral and maxillofacial surgeons may be granted the privilege of performing a history and physical on their own patients upon submission of documentation of completion of an accredited postgraduate residency in oral and maxillofacial surgery and demonstrated current competence. Dentists may be granted the privilege of performing a history and physical examination on their own patients upon submission of documentation of completion of training in the performance of history and physical examinations and demonstrated current competence.

5.5 Special conditions for licensed practitioners eligible for privileges without membership

Requests for privileges from such individuals are processed in the same manner as requests for clinical privileges by providers eligible for medical staff membership, with the exception that such individuals are not eligible for membership on the medical staff and do not have the rights and privileges of such membership. Only those categories of practitioners approved by the Board for providing services at the hospital are eligible to apply for privileges. Advance Practice Professionals (APPs) in this category may, subject to any licensure requirements or other limitations, exercise independent judgment only within the areas of their professional competence and participate directly in the medical management of patients under the supervision of a physician who has been accorded privileges to provide such care. The privileges of hospital-employed APPs shall terminate immediately, without right to due process, in the event that the employment of the APP with the hospital is terminated for any reason. If the employment contract or sponsorship of the APP with a physician member of the medical staff organization is terminated for any reason the privileges of the APP will be administratively suspended until an employment contract or sponsorship is established with another physician or until the end of the current grant of privileges.

5.6 Special Conditions for Podiatric Privileges

Requests for clinical privileges for podiatrists are processed in the same manner as all other privilege requests. All podiatric patients will receive a basic medical evaluation (history and physical) by a practitioner with history and physical privileges that will be recorded in the medical record. Podiatrists may be granted the privilege of performing a history and physical examination on their own patients undergoing local anesthesia upon submission of documentation of completion of an accredited postgraduate residency in podiatric medicine and surgery and demonstrated current competence.

5.7 Special Conditions for Residents or Fellows in Training

- 5.7.1 Residents or fellows in training in the hospital shall not normally hold membership on the medical staff and shall not normally be granted specific clinical privileges. Rather, they shall be permitted to function clinically only in accordance with the written training protocols developed by the CMO in conjunction with the residency training program. The protocols must delineate the roles, responsibilities, and patient care activities of residents and fellows including which types of residents may write patient care orders, under what circumstances why they may do so, and what entries a supervising physician must countersign. The protocol must also describe the mechanisms through which resident directors and supervisors make decisions about a resident's progressive involvement and independence in delivering patient care and how these decisions will be communicated to appropriate medical staff and hospital leaders.
- 5.7.2 The post-graduate education program director or committee must communicate periodically with the MEC and the Board about the performance of its residents, patient safety issues, and quality of patient care and must work with the MEC to assure that all supervising physicians possess clinical privileges commensurate with their supervising activities.
- 5.7.3 Students in medically related disciplines in the hospital shall not hold membership on the medical staff and shall not be granted specific clinical privileges. Rather, they shall be permitted to function clinically only in accordance with the written training protocols developed by the CMO in conjunction with the medical or other medically related professional school.

5.8 Telemedicine Privileges

- 5.8.1 Requests for telemedicine privileges at the hospital that includes patient care, treatment, and services will be processed through one of the following mechanisms:
 - a. The hospital fully privileges and credentials the practitioner; or
 - b. The hospital privileges practitioners using credentialing information from the distant site if the distant site is a Medicare-participating hospital.

5.9 Temporary Privileges

The CEO, or designee, acting on behalf of the Board and based on the recommendation of the President of the Medical Staff or designee, may grant temporary privileges. Temporary privileges may be granted only in two (2) circumstances: 1) to fulfill an important patient care, treatment, or service need, or 2) when an initial applicant with a complete application that raises no concerns is awaiting review and approval of the MEC and the Board.

- 5.9.1 Important Patient Care, Treatment, or Service Need: Temporary privileges may be granted on a case by case basis when an important patient care, treatment, or service need exists that mandates an immediate authorization to practice, for a limited period of time, not to exceed 120 calendar days. When granting such privileges the organized medical staff verifies current licensure, current competence, and current board certification in the subspecialty of the practice or qualifications to pursue the required board certification.

- 5.9.2 Clean Application Awaiting Approval: Temporary privileges may be granted for up to one hundred and twenty (120) calendar days when the new applicant for medical staff membership and/or privileges is waiting for review and recommendation by the MEC and approval by the Board. The applicant must meet all stipulations of the Medical Staff Policy: *Credentialing Process* up to and including recommendation by the Credentials and Bylaws Committee. Criteria for granting temporary privileges in these circumstances include no current challenges or previously successful challenges to licensures or registrations; no involuntary termination of medical staff membership at another organization; no involuntary limitations, reduction, denial or loss of clinical privileges at another organization; no issues of significant concern to the Credentials and Bylaws Committee, the Department Chair or the CMO.
- 5.9.3 Special requirements of consultation and reporting may be imposed as part of the granting of temporary privileges. Except in unusual circumstances, temporary privileges will not be granted unless the practitioner has agreed in writing to abide by the bylaws and policies of the medical staff and hospital in all matters relating to his/her temporary privileges. Whether or not such written agreement is obtained, these bylaws and policies control all matters relating to the exercise of clinical privileges.
- 5.9.4 Termination of temporary privileges: The CEO, acting on behalf of the Board and after consultation with the President of the Medical Staff, may terminate any or all of the practitioner's privileges based upon the discovery of any information or the occurrence of any event of a nature which raises questions about a practitioner's privileges. When a patient's life or wellbeing is endangered, any person entitled to impose precautionary suspension under the medical staff bylaws may effect the termination. In the event of any such termination, the practitioner's patients then will be assigned to another practitioner by the CEO or his/her designee. The wishes of the patient shall be considered, when feasible, in choosing a substitute practitioner.
- 5.9.5 Rights of the practitioner with temporary privileges: A practitioner is not entitled to the procedural rights afforded in Part IV of these bylaws (Investigation, Corrective Action, Hearing and Appeal Plan) because his/her request for temporary privileges is refused or because all or any part of his/her temporary privileges are terminated or suspended unless the decision is based on clinical incompetence or unprofessional conduct.

5.10 Emergency Privileges

In the case of a medical emergency, any practitioner is authorized to do everything possible to save the patient's life or to save the patient from serious harm, to the degree permitted by the practitioner's license, regardless of Department affiliation, staff category, or level of privileges. A practitioner exercising emergency privileges is obligated to summon all consultative assistance deemed necessary and to arrange appropriate follow-up.

5.11 Disaster Privileges

- a. If the institution's Disaster Plan has been activated and the organization is unable to meet immediate patient needs, the CEO and other individuals as identified in the institution's Disaster Plan with similar authority, may, on a case by case basis consistent with medical licensing and other relevant state statutes, grant disaster privileges to selected LIPs. These practitioners must present a valid government-issued photo identification issued by a state or federal agency (e.g., driver's license or passport) and at least one of the following:

A current picture hospital ID card that clearly identifies professional designation;

A current license to practice;

Primary source verification of the license;

Identification indicating that the individual is a member of a Disaster Medical Assistance Team (DMAT), or Medical Reserve Corps (MRC), Emergency System for Advance Registration of Volunteer Health Professionals (ESAR-VHP), or other recognized state or federal organizations or groups;

Identification indicating that the individual has been granted authority to render patient care, treatment, and services in disaster circumstances (such authority having been granted by a federal, state, or municipal entity); or

Identification by a current hospital or medical staff member (s) who possesses personal knowledge regarding the volunteer's ability to act as a licensed independent practitioner during a disaster.

- b. The medical staff has a mechanism (i.e., badging) to readily identify volunteer practitioners who have been granted disaster privileges.
- c. The medical staff oversees the professional performance of volunteer practitioners who have been granted disaster privileges by direct observation, mentoring, or clinical record review. The organization makes a decision (based on information obtained regarding the professional practice of the volunteer) within 72 hours whether disaster privileges should be continued.
- d. Primary source verification of licensure begins as soon as the immediate situation is under control, and is completed within 72 hours from the time the volunteer practitioner presents to the organization. If primary source verification cannot be completed in 72 hours, there is documentation of the following: 1) why primary source verification could not be performed in 72 hours; 2) evidence of a demonstrated ability to continue to provide adequate care, treatment, and services; and 3) an attempt to rectify the situation as soon as possible.
- e. Once the immediate situation has passed and such determination has been made consistent with the institution's Disaster Plan, the practitioner's disaster privileges will terminate immediately.
- f. Any individual identified in the institution's Disaster Plan with the authority to grant disaster privileges shall also have the authority to terminate disaster privileges. Such authority may be exercised in the sole discretion of the hospital and will not give rise to a right to a fair hearing or an appeal.

Section 6. Clinical Competency Evaluation

6.1 Focused Professional Practice Evaluation (FPPE)

All initially requested privileges shall undergo a period of FPPE. The Credentials and Bylaws Committee, after receiving a recommendation from the Department Chair and with the approval of the MEC, will define the circumstances which require monitoring and evaluation of the clinical performance of each practitioner following his or her initial grant of clinical privileges at the hospital. Such monitoring may utilize prospective, concurrent, or retrospective proctoring, including but not limited to: chart review, the tracking of performance monitors/indicators, external peer review, simulations, morbidity and mortality reviews, and discussion with other healthcare individuals involved in the care of each patient. The Credentials and Bylaws Committee will also establish the duration for such FPPE and triggers that indicate the need for performance monitoring.

6.2 Ongoing Professional Practice Evaluation (OPPE)

The medical staff will also engage in OPPE to identify professional practice trends that affect quality of care and patient safety. Information from this evaluation process will be factored into the decision to maintain existing privileges, to revise existing privileges, or to revoke an existing privilege prior to or at the time of reappointment. OPPE shall be undertaken as part of the medical staff's evaluation, measurement, and improvement of practitioner's current clinical competency. In addition, each practitioner may be subject to FPPE when issues affecting the provision of safe, high quality patient care are identified through the OPPE process. Decisions to assign a period of performance monitoring or evaluation to further assess current competence must be based on the evaluation of an individual's current clinical competence, practice behavior, and ability to perform a specific privilege.

6.3 Physician Re-Entry

A practitioner who has not provided acute inpatient care within the past twenty-four (24) months who requests clinical privileges at the hospital must arrange for a preceptorship, that is acceptable to the Credentials and Bylaws Committee and MEC, either with a current member in good standing of the medical staff who practices in the same specialty or with a training program or other equivalently competent physician practicing outside of the hospital. If a practitioner has not provided any clinical care in a timeframe as determined by the Maryland medical licensing board or the MEC, s/he may be required to go through a formal re-entry process through an ACGME or AOA accredited residency program or other formal process to assess and confirm clinical competence. The practitioner must assume responsibility for any financial costs required to fulfill these requirements. A description of the preceptorship or training program, including details of monitoring and consultation must be written and submitted for approval to the Department Chair and the Credentials and Bylaws Committee and MEC. At a minimum, the preceptorship or training program description must include the following:

- a. The scope and intensity of the required activities;
- b. The requirement for submission of a written report from the preceptor or training program prior to termination of the preceptorship period assessing, at a minimum, the applicant's demonstrated clinical competence related to the privileges requested, ability to get along with others, the quality and timeliness of medical records documentation, ability to perform the privileges requested, and professional ethics and conduct.

Section 7. Reapplication after Modifications of Membership Status or Privileges and Exhaustion of Remedies

7.1 Reapplication after adverse credentials decision

Except as otherwise determined by the MEC or Board, a practitioner who has received a final adverse decision or who has resigned or withdrawn an application for appointment or reappointment or clinical privileges while under investigation or to avoid an investigation is not eligible to reapply to the medical staff or for clinical privileges for a period of ten (10) years from the date of the notice of the final adverse decision or the effective date of the resignation or application withdrawal. Any such application is processed in accordance with the procedures then in force. As part of the reapplication, the practitioner must submit such additional information as the medical staff and/or Board requires demonstrating that the basis of the earlier adverse action no longer exists. If such information is not provided, the reapplication will be considered incomplete and voluntarily withdrawn and will not be processed any further.

7.2 Request for modification of appointment status or privileges

A practitioner, either in connection with reappointment or at any other time, may request modification of staff category, Department assignment, or clinical privileges by submitting a written request to the medical staff office. A modification request must be on the prescribed form and must contain all pertinent information supportive of the request. All requests for additional clinical privileges must be accompanied by information demonstrating additional education, training, and current clinical competence in the specific privileges requested. A modification application is processed in the same manner as a reappointment, which is outlined in Section 5 of this manual. A practitioner who determines that s/he no longer exercises, or wishes to restrict or limit the exercise of, particular privileges that s/he has been granted shall send written notice, through the medical staff office, to the Credentials and Bylaws Committee, and MEC. A copy of this notice shall be included in the practitioner's credentials file.

7.3 Resignation of staff appointment or privileges

A practitioner who wishes to resign his/her staff appointment and/or clinical privileges must provide written notice to the appropriate Department Chair or President of the Medical Staff. The resignation shall specify the reason for the resignation and the effective date. A practitioner who resigns his/her staff appointment and/or clinical privileges is obligated to fully and accurately complete all portions of all medical records for which s/he is responsible prior to the effective date of resignation. Failure to do so shall result in an entry in the practitioner's credentials file acknowledging the resignation and indicating that it became effective under unfavorable circumstances.

7.4 Exhaustion of administrative remedies

Every practitioner agrees that s/he will exhaust all the administrative remedies afforded in the various sections of this manual, the Governance and the Investigation, Corrective Action, Hearing and Appeal Plan before initiating legal action against the hospital or its agents.

7.5 Reporting requirements

The CEO or his/her designee shall be responsible for assuring that the hospital satisfies its obligations under State law and the Health Care Quality Improvement Act of 1986 and its successor statutes. Whenever a practitioner's privileges are limited, revoked, or in any way constrained, the hospital must, in accordance with State and Federal laws or regulations, report those constraints to the appropriate State and Federal authorities, registries, and/or data bases, such as the NPDB. Actions that must be reported include, but are not limited to, any negative professional review action against a physician or dentist related to clinical incompetence or misconduct that leads to a denial of appointment and/or reappointment; reduction in clinical privileges for greater than thirty (30) calendar days; resignation, surrender of privileges, or acceptance of privilege reduction either during an investigation or to avoid an investigation.

Section 8. Leave of Absence

8.1 Leave Request

A leave of absence must be requested for any absence from the medical staff and/or patient care responsibilities longer than 30 days and whether such absence is related to the individual's physical or mental health or to the ability to care for patients safely and competently. A practitioner who wishes to obtain a voluntary leave of absence must provide written notice to the President of the Medical Staff stating the reasons for the leave and approximate period of time of the leave, which may not exceed one year except for military service or express permission by the Board. Requests for leave must be forwarded with a recommendation from the MEC and affirmed by the Board. While on leave of absence, the practitioner may not exercise clinical privileges or prerogatives and has no obligation to fulfill medical staff responsibilities. In the event that a practitioner has not demonstrated good cause for a leave, or where a request for extension is not granted, the determination shall be final, with no recourse to a hearing and appeal.

8.2 Termination of Leave

At least thirty (30) calendar days prior to the termination of the leave, or at any earlier time, the practitioner may request reinstatement by sending a written notice to the President of the Medical Staff. The practitioner must submit a written summary of relevant activities during the leave if the MEC or Board so requests.

- a. A practitioner returning from a leave of absence unrelated to health shall have their request to reinstate their membership and privileges handled administratively by the President of the Medical Staff.
- b. A practitioner returning from a leave of absence for health reasons must provide a report from his/her physician that answers any questions that the MEC or Board may have as part of considering the request for reinstatement. The MEC makes a recommendation to the Board concerning reinstatement, and the applicable procedures concerning the granting of privileges are followed.
- c. If the practitioner's current grant of membership and /or privileges is due to expire during the leave of absence, the practitioner must apply for reappointment, or his/her appointment and/or clinical privileges shall lapse at the end of the appointment period.

8.3 Failure to Request Reinstatement

Failure, without good cause, to request reinstatement shall be deemed a voluntary resignation from the medical staff and shall result in automatic termination of membership, privileges, and prerogatives. A member whose membership is automatically terminated shall not be entitled to the procedural rights provided in Part IV of these bylaws. A request for medical staff membership subsequently received from a member so terminated shall be submitted and processed in the manner specified for applications for initial appointments.

Section 9. Practitioners Providing Contracted Services

9.1 Telemedicine

When the hospital contracts for care services with licensed independent practitioners who provide readings of images, tracings, or specimens through a telemedicine mechanism; all LIPs who will be providing services under this contract will be permitted to do so only after being granted privileges at the hospital through the mechanisms established in this manual.

9.2 Exclusivity policy

Whenever hospital policy specifies that certain hospital facilities or services may be provided on an exclusive basis in accordance with contracts or letters of agreement between the hospital and qualified practitioners, then other practitioners must, except in an emergency or life threatening situation, adhere to the exclusivity policy in arranging for or providing care. Application for initial appointment or for clinical privileges related to the hospital facilities or services covered by exclusive agreements will not be accepted or processed unless submitted in accordance with the existing contract or agreement with the hospital.

9.3 Qualifications

A practitioner who is or will be providing specified professional services pursuant to a contract or a letter of agreement with the hospital must meet the same qualifications, must be processed in the same manner, and must fulfill all the obligations of his/her appointment category as any other applicant or staff appointee.

9.4 The terms of the medical staff bylaws will govern disciplinary action taken by or recommended by the MEC.

9.5 Effect of contract or employment expiration or termination

The effect of expiration or other termination of a contract upon a practitioner's staff appointment and clinical privileges will be governed solely by the terms of the practitioner's contract with the hospital. If the contract or the employment agreement is silent on the matter, then contract expiration or other termination alone will not affect the practitioner's staff appointment status or clinical privileges.

Section 10. Medical Administrative Officers

- 10.1** A medical administrative officer is a practitioner engaged by the hospital either full or part time in an administratively responsible capacity, whose activities may also include clinical responsibilities such as direct patient care, teaching, or supervision of the patient care activities of other practitioners under the officer's direction.
- 10.2** Each medical administrative officer must achieve and maintain medical staff appointment and clinical privileges appropriate to his/her clinical responsibilities and discharge staff obligations appropriate to his/her staff category in the same manner applicable to all other staff members.
- 10.3** Effect of removal from office or adverse change in appointment status or clinical privileges:
- 10.3.1 Where a contract exists between the officer and the hospital, its terms govern the effect of removal from the medical administrative office on the officer's staff appointment and privileges and the effect an adverse change in the officer's staff appointment or clinical privileges has on his remaining in office.
- 10.3.2 In the absence of a contract or where the contract is silent on the matter, removal from office has no effect on appointment status or clinical privileges. The effect of an adverse change in appointment status or clinical privileges on continuance in office will be as determined by the Board.
- 10.3.3 A medical administrative officer has the same procedural rights as all other staff members in the event of an adverse change in appointment status or clinical privileges unless the change is, by contract a consequence of removal from office.

University of Maryland Shore Regional Health

MEDICAL STAFF BYLAWS

**Part IV: Investigations, Corrective Actions,
Hearing and Appeal Plan**

Effective November 19, 2018

Table of Contents

Section 1. Collegial, Educational, and/or Informal Proceedings	1
Section 2. Investigations	2
Section 3. Corrective Action	4
Section 4. Initiation and Notice of Hearing	9
Section 5. Hearing Panel and Presiding Officer or Hearing Officer	12
Section 6. Pre-Hearing and Hearing Procedure	14
Section 7. Appeal to the Hospital Board	17

Section 1. Collegial, Educational, and/or Informal Proceedings

1.1 Criteria for Initiation

These bylaws encourage medical staff leaders and hospital management to use progressive steps, beginning with collegial and education efforts, to address questions relating to an individual's clinical practice and/or professional conduct. The goal of these progressive steps is to help the individual voluntarily respond to resolve questions that have been raised. All collegial intervention efforts by medical staff leaders and hospital management shall be considered confidential and part of the hospital's performance improvement and professional and peer review activities. Collegial intervention efforts are encouraged, but are not mandatory, and shall be within the discretion of the appropriate medical staff leaders and hospital management. When any observations arise suggesting opportunities for a practitioner to improve, the matter should be referred for peer review in accordance with the peer review and performance improvement policies adopted by the medical staff and hospital. Collegial intervention efforts may include but are not limited to the following:

- a. Educating and advising colleagues of all applicable policies, including those related to appropriate behavior, emergency call obligations, and the timely and adequate completion of medical records;
- b. Following up on any questions or concerns raised about the clinical practice and/or conduct of privileged practitioners and recommending such steps as proctoring, monitoring, consultation, and letters of guidance; and
- c. Sharing summary comparative quality, utilization, and other relevant information to assist individuals to conform their practices to appropriate norms.

Following collegial intervention efforts, if it appears that the practitioner's performance places patients in danger or compromises the quality of care, or in cases where it appears that patients may be placed in harm's way while collegial interventions are undertaken, the MEC will consider whether it should be recommended to the Board to restrict or revoke the practitioner's membership and/or privileges. Before issuing such a recommendation the MEC may authorize an investigation for the purpose of gathering and evaluating any evidence and its sufficiency.

Section 2. Investigations

2.1 Initiation

A request for an investigation must be submitted in writing by a medical staff officer, committee chair, Department Chair, CEO, CMO, or hospital board chair to the MEC. The request must be supported by references to the specific activities or conduct that is of concern. If the MEC itself initiates an investigation, it shall appropriately document its reasons.

2.2 Investigation

If the MEC decides that an investigation is warranted, it shall direct an investigation to be undertaken through the adoption of a formal resolution. In the event the Board believes the MEC has incorrectly determined that an investigation is unnecessary, it may direct the MEC to proceed with an investigation.

The MEC may conduct the investigation itself or may assign the task to an appropriate standing or ad hoc committee of the medical staff.

If the investigation is delegated to a committee other than the MEC, such committee shall proceed with the investigation promptly and forward a written report of its findings, conclusions, and recommendations to the MEC as soon as feasible. The committee conducting the investigation shall have the authority to review all documents it considers relevant, to interview individuals, to consider appropriate clinical literature and practice guidelines, and to utilize the resources of an external consultant if it deems a consultant is necessary and such action is approved by the MEC and the CEO. The investigating body may also require the practitioner under review to undergo a physical and/or mental examination and may access the results of such exams. The investigating body shall notify the practitioner in question of the allegations that are the basis for the investigation and provide to the practitioner an opportunity to provide information in a manner and upon such terms as the investigating body deems appropriate. The meeting between the practitioner in question and the investigating body (and meetings with any other individuals the investigating body chooses to interview) shall not constitute a “hearing” as that term is used in the hearing and appeals sections of these bylaws. The procedural rules with respect to hearings or appeals shall not apply to these meetings either. The individual being investigated shall not have the right to be represented by legal counsel before the investigating body nor to compel the medical staff to engage external consultation. Despite the status of any investigation, the MEC shall retain the authority and discretion to take whatever action may be warranted by the circumstances, including suspension, termination of the investigative process; or other action.

2.2.1 An external peer review consultant should be considered when:

- a. Litigation seems likely;
- b. The hospital is faced with ambiguous or conflicting recommendations from medical staff committees, or where there does not appear to be a strong consensus for a particular recommendation. In these circumstances consideration may be given by the MEC or the Board to retain an objective external reviewer;
- c. There is no one on the medical staff with expertise in the subject under review, or when the only physicians on the medical staff with appropriate expertise are direct competitors, partners, or associates of the practitioner under review.

2.3 MEC Action

As soon as feasible after the conclusion of the investigation the MEC shall take action that may include, without limitation:

- a. Determining no corrective action is warranted, and if the MEC determines there was not credible evidence for the complaint in the first instance, removing any adverse information from the practitioner's file;
- b. Deferring action for a reasonable time when circumstances warrant;
- c. Issuing letters of education, admonition, censure, reprimand, or warning, although nothing herein shall be deemed to preclude appropriate committee chairs or Department Chairs from issuing informal written or oral warnings prior to an investigation. In the event such letters are issued, the affected practitioner may make a written response, which shall be placed in the practitioner's file;
- d. Recommending the imposition of terms of probation or special limitation upon continued medical staff membership or exercise of clinical privileges, including, without limitation, requirements for co-admissions, mandatory consultation, or monitoring/proctoring;
- e. Recommending denial, restriction, modification, reduction, suspension, revocation, or probation of clinical privileges;
- f. Recommending reductions of membership status or limitation of any prerogatives directly related to the practitioner's delivery of patient care;
- g. Recommending suspension, revocation, or probation of medical staff membership; or
- h. Taking other actions deemed appropriate under the circumstances.

2.4 Subsequent Action

If the MEC recommends any termination or restriction of the practitioner's membership or privileges, that recommendation shall be immediately transmitted in writing to the board. The Board shall act on the MEC's recommendation unless the member requests a hearing, in which case the final decision shall be determined as set forth in this Hearing and Appeal plan.

Section 3. Corrective Action

3.1 Automatic Relinquishment/Voluntary Resignation

In the following triggering circumstances, the practitioner's privileges and/or membership will be considered relinquished, or limited as described, and the action shall be final without a right to hearing. Where a bona fide dispute exists as to whether the circumstances have occurred, the relinquishment, suspension, or limitation will stand until the MEC determines it is not applicable. The MEC will make such a determination as soon as feasible. The President of the Medical Staff, with the approval of the CMO, may reinstate the practitioner's privileges or membership after determining that the triggering circumstances have been rectified or are no longer present. If the triggering circumstances have not been resolved within sixty days, the practitioner will have to reapply for membership and/or privileges. In addition, further corrective action may be recommended in accordance with these bylaws whenever any of the following actions occur:

3.1.1 Licensure

- a. **Revocation and suspension:** Whenever a practitioner's license or other legal credential authorizing practice in this state is revoked, suspended, expired, or voluntarily relinquished, medical staff membership and clinical privileges shall be automatically relinquished by the practitioner as of the date such action becomes effective.
- b. **Restriction:** Whenever a practitioner's license or other legal credential authorizing practice in this state is limited or restricted by an applicable licensing or certifying authority, any clinical privileges that the practitioner has been granted at this hospital that are within the scope of said limitation or restriction shall be automatically limited or restricted in a similar manner, as of the date such action becomes effective and throughout its term.
- c. **Probation:** Whenever a practitioner is placed on probation by the applicable licensing or certifying authority, his or her membership status and clinical privileges shall automatically become subject to the same terms and conditions of the probation as of the date such action becomes effective and throughout its term.

- 3.1.2 Medicare, Medicaid, Tricare (a managed-care program that replaced the former Civilian Health and Medical Program of the Uniformed Services), or other federal programs: Whenever a practitioner is sanctioned or barred from Medicare, Medicaid, Tricare, or other federal programs, medical staff membership and clinical privileges shall be considered automatically relinquished as of the date such action becomes effective. Any practitioner listed on the United States Department of Health and Human Services Office of the Inspector General's List of Excluded Individuals/Entities will be considered to have automatically relinquished his or her privileges.

- 3.1.3 Controlled substances
- a. **DEA certificate:** Whenever a practitioner's United States Drug Enforcement Agency (DEA) certificate or Maryland Controlled Dangerous Substance (CDS) registration is revoked, limited, or suspended, the practitioner will automatically and correspondingly be divested of the right to prescribe medications covered by the certificate, as of the date such action becomes effective and throughout its term.
 - b. **Probation:** Whenever a practitioner's DEA certificate or Maryland Controlled Dangerous Substance (CDS) registration is subject to probation, the practitioner's right to prescribe such medications shall automatically become subject to the same terms of the probation, as of the date such action becomes effective and throughout its term.
- 3.1.4 **Medical record completion requirements:** A practitioner will be considered to have voluntarily relinquished the privilege to admit new patients or schedule new procedures whenever s/he fails to complete medical records within time frames established by the MEC. This relinquishment of privileges shall not apply to patients admitted or already scheduled at the time of relinquishment, to emergency patients, or to imminent deliveries. The relinquished privileges will be automatically restored upon completion of the medical records and compliance with medical records policies.
- 3.1.5 **Professional liability insurance:** Failure of a practitioner to maintain professional liability insurance in the amount required by state regulations and medical staff and Board policies and sufficient to cover the clinical privileges granted shall result in immediate automatic relinquishment of a practitioner's clinical privileges. If within 60 calendar days of the relinquishment the practitioner does not provide evidence of required professional liability insurance (including tail coverage for any period during which insurance was not maintained), the practitioner shall not be considered for reinstatement and shall be considered to have voluntarily resigned from the medical staff. The practitioner must notify the medical staff office immediately of any change in professional liability insurance carrier or coverage.
- 3.1.6 **Medical Staff dues/special assessments:** Failure to promptly pay medical staff dues or any special assessment shall be considered an automatic relinquishment of a practitioner's appointment. If within 60 calendar days after written warning of the delinquency the practitioner does not remit such payments, the practitioner shall be considered to have voluntarily resigned membership on the medical staff.

- 3.1.7 **Health screening and immunization requirements:** The Board of Directors for Shore Regional Health establishes these requirements for the entire system, including employees, voluntary medical staff, and volunteers. Whenever such requirements may affect the medical staff, or members of the medical staff, the Board will seek the input of the MEC prior to finalizing any requirement, including input regarding limitations and/or sanctions for failure to comply with requirements, except where the immunization/health screening is required by state or federal law/regulation or accreditation/licensing agency standard. Failure to promptly comply with health screening and immunization requirements shall be considered an automatic limitation or relinquishment of a practitioner's membership and privileges, as described in any requirement established by the Board. If within sixty (60) calendar days after written warning of the delinquency the practitioner does not comply with the policy or the described limitations, the practitioner shall be considered to have voluntarily accepted the sanctions described in the requirement, without the right to a hearing.
- 3.1.8 **Felony conviction:** A practitioner who has been convicted of or entered a plea of "guilty" or "no contest" or its equivalent to a felony relating to controlled substances, illegal drugs, insurance or healthcare fraud or abuse, violence, or physical/sexual abuse in any jurisdiction shall automatically relinquish medical staff membership and privileges. Such relinquishment shall become effective immediately upon such conviction or plea regardless of whether an appeal is filed. Such relinquishment shall remain in effect until the matter is resolved by subsequent action of the Board or through corrective action, if necessary.
- 3.1.9 **Failure to satisfy the special appearance requirement:** A practitioner who fails without good cause to appear at a meeting where his/her special appearance is required in accordance with these bylaws shall be considered to have automatically relinquished all clinical privileges with the exception of emergencies and imminent deliveries. These privileges will be restored when the practitioner complies with the special appearance requirement. Failure to comply within 30 calendar days will be considered a voluntary resignation from the medical staff.
- 3.1.10 **Failure to participate in an evaluation:** A practitioner who fails to participate in an evaluation of his/her qualifications for medical staff membership or privileges as required under these bylaws (whether an evaluation of physical or mental health or of clinical management skills), shall be considered to have automatically relinquished all privileges. These privileges will be restored when the practitioner complies with the requirement for an evaluation. Failure to comply within 30 calendar days will be considered a voluntary resignation from the medical staff.

- 3.1.11 **Failure to become board certified or to maintain board certification:** A practitioner who fails to become board certified in compliance with these bylaws or medical staff credentialing policies will be deemed to have immediately and voluntarily relinquished his or her medical staff appointment and clinical privileges unless an exception is granted, for a good cause, by the Board upon recommendation from the MEC. All practitioners are expected to maintain their board certification. If a practitioner fails to maintain their board certification, they will be given until the next board certification cycle to pass their boards. If they fail their board certification at that time, they will be deemed to be ineligible for reappointment, unless they qualify for an automatic exemption or an exception is granted, for good cause, by the Board upon recommendation from the MEC. Automatic exemptions from recertification occur if the practitioner is sixty (60) years of age or has been certified for longer than twenty (20) years.
- 3.1.12 **Failure to Execute Release and/or Provide Documents:** A practitioner who fails to execute a general or specific release of information and/or provide documents when requested by the President of the Medical Staff or designee to evaluate the competency and credentialing/privileging qualifications of the practitioner shall be considered to have automatically relinquished all privileges. If the release is executed and/or documents provided within thirty calendar days of notice of the automatic relinquishment, the practitioner may be reinstated. Thereafter, the member will be deemed to have resigned voluntarily from the staff and must reapply for staff membership and privileges.
- 3.1.13 **MEC Deliberation:** As soon as feasible after action is taken or warranted as described above, the MEC shall convene to review and consider the facts, and may recommend such further corrective action as it may deem appropriate following the procedure generally set forth in these bylaws.

3.2 **Precautionary (Summary) Restriction or Suspension**

- 3.2.1 **Criteria for Initiation:** A precautionary (summary) restriction or suspension may be imposed when a good faith belief exists that:
- immediate action must be taken to protect the life or well-being of patient(s); or
 - to reduce a substantial and imminent likelihood of significant impairment of the life, health, and safety of any person;
 - when medical staff leaders and/or the CEO determines that there is a need to carefully consider any event, concern, or issue that, if confirmed, has the potential to affect patient or employee safety or the effective operation of the institution; or
 - the reputation of the hospital is at risk.

Based on any of the criteria listed above, the MEC or any two of the following: CEO or designee, President of the Medical Staff or designee, or CMO may restrict or suspend the medical staff membership or clinical privileges of such practitioner as a precaution. In addition, a suspension of all or any portion of a practitioner's clinical privileges at another hospital or indictment for a capital crime may be grounds for a precautionary suspension of all or any of the practitioner's clinical privileges at this hospital.

Unless otherwise stated, such precautionary restriction or suspension shall become effective immediately upon imposition and the person or body responsible shall promptly give written notice to the practitioner, the MEC, the CEO, and the board. The restriction or suspension may be limited in duration and shall remain in effect for the period stated or, if none, until resolved as set forth herein. The precautionary suspension is not a complete professional review action in and of itself, and it shall not imply any final finding regarding the circumstances that caused the suspension.

Unless otherwise indicated by the terms of the precautionary restriction or suspension, the practitioner's patients shall be promptly assigned to another medical staff member by the President of the Medical Staff or designee, considering, where feasible, the wishes of the affected practitioner and the patient in the choice of a substitute practitioner.

- 3.2.2 **MEC action:** As soon as feasible and within 14 calendar days after such precautionary suspension has been imposed, the MEC shall meet to review and consider the action and if necessary begin the investigation process as noted in Section 2.2 above. Upon request and at the discretion of the MEC, the practitioner will be given the opportunity to address the MEC concerning the action, on such terms and conditions as the MEC may impose, although in no event shall any meeting of the MEC, with or without the practitioner, constitute a "hearing" as defined in this hearing and appeal plan, nor shall any procedural rules with respect to hearing and appeal apply. The MEC may modify, continue, or terminate the precautionary restriction or suspension, but in any event it shall furnish the practitioner with notice of its decision.
- 3.2.3 **Procedural rights:** If the restrictions or suspension last more than fourteen (14) calendar days, the member shall be entitled to the procedural rights afforded by this hearing and appeal plan.

Section 4. Initiation and Notice of Hearing

4.1 Initiation of Hearing

Any practitioner eligible for medical staff appointment or physicians eligible for privileges without membership shall be entitled to request a hearing whenever an unfavorable recommendation with regard to clinical competence or professional conduct has been made by the MEC or the Board. Hearings will be triggered only by the following “adverse actions” when the basis for such action is related to clinical competence or professional conduct:

- a. Denial of medical staff appointment or reappointment;
- b. Revocation of medical staff appointment;
- c. Denial or restriction of requested clinical privileges, but only if such suspension is for more than fourteen (14) calendar days and is not caused by the member’s failure to complete medical records or any other reason unrelated to clinical competence or professional conduct;
- d. Involuntary reduction or revocation of clinical privileges;
- e. Application of a mandatory concurring consultation requirement, or an increase in the stringency of a pre-existing mandatory concurring consultation requirement, when such requirement only applies to an individual medical staff member and is imposed for more than fourteen (14) calendar days; or
- f. Suspension of staff appointment or clinical privileges, but only if such suspension is for more than fourteen (14) calendar days and is not caused by the member’s failure to complete medical records or any other reason unrelated to clinical competence or professional conduct.

4.2 Hearings Will Not Be Triggered by the Following Actions

- a. Issuance of a letter of guidance, warning, or reprimand;
- b. Imposition of a requirement for proctoring (i.e., observation of the practitioner’s performance by a peer in order to provide information to a medical staff peer review committee) with no restriction on privileges;
- c. Failure to process a request for a privilege when the applicant/member does not meet the eligibility criteria to hold that privilege;
- d. Conducting an investigation into any matter or the appointment of an ad hoc investigation committee;
- e. Requirement to appear for a special meeting under the provisions of these bylaws;
- f. Automatic relinquishment or voluntary resignation of appointment or privileges;
- g. Imposition of a precautionary suspension out that does not exceed fourteen (14) calendar days;
- h. Denial of a request for leave of absence, or for an extension of a leave;
- i. Determination that an application is incomplete or untimely;
- j. Determination that an application will not be processed due to misstatement or omission;
- k. Decision not to expedite an application;

- l. Denial, termination, or limitation of temporary privileges unless for demonstrated incompetence or unprofessional conduct;
- m. Determination that an applicant for membership does not meet the requisite qualifications/criteria for membership;
- n. Ineligibility to request membership or privileges or continue privileges because a relevant specialty is closed under a medical staff development plan or covered under an exclusive provider agreement;
- o. Imposition of supervision pending completion of an investigation to determine whether corrective action is warranted;
- p. Termination of any contract with or employment by hospital;
- q. Proctoring, monitoring, and any other performance monitoring requirements imposed in order to fulfill any Joint Commission standards on focused professional practice evaluation;
- r. Any recommendation voluntarily accepted by the practitioner;
- s. Expiration of membership and privileges as a result of failure to submit an application for reappointment within the allowable time period;
- t. Change in assigned staff category;
- u. Refusal of the Credentials and Bylaws Committee or MEC to consider a request for appointment, reappointment, or privileges within ten (10) years of a final adverse decision regarding such request;
- v. Removal or limitations of emergency department call obligations;
- w. Any requirement to complete an educational assessment;
- x. Retrospective chart review;
- y. Any requirement to complete a health and/or psychiatric/psychological assessment required under these bylaws;
- z. Grant of conditional appointment or appointment for a limited duration; or
- aa. Appointment or reappointment for duration of less than 24 months.

4.3 Notice of Recommendation of Adverse Action

When a precautionary suspension lasts more than fourteen (14) calendar days or when a recommendation is made, which, according to this plan entitles an individual to request a hearing prior to a final decision of the Board, the affected individual shall promptly (but no longer than five (5) business days) be given written notice by the CEO delivered either in person or by certified mail, return receipt requested. This notice shall contain:

- a. A statement of the recommendation made and the general reasons for it (Statement of Reasons);
- b. Notice that the individual shall have thirty (30) calendar days following the date of the receipt of such notice within which to request a hearing on the recommendation;
- c. Notice that the recommendation, if finally adopted by the board, may result in a report to the state licensing authority (or other applicable state agencies) and the National Practitioner Data Bank; and

- d. The individual shall receive a copy of Part IV of these bylaws outlining procedural rights with regard to the hearing.

4.4 Request for Hearing

A practitioner shall have thirty (30) calendar days following the date of the receipt of such notice within which to request the hearing. The request shall be made in writing to the CEO or designee. In the event the affected individual does not request a hearing within the time and in the manner required by this policy, the individual shall be deemed to have waived the right to such hearing and to have accepted the recommendation made. Such recommended action shall become effective immediately upon final board action.

4.5 Notice of Hearing and Statement of Reasons

Upon receipt of the practitioner's timely request for a hearing, the CEO shall schedule the hearing and shall give written notice to the person who requested the hearing. The notice shall include:

- a. The time, place, and date of the hearing;
- b. A proposed list of witnesses (as known at that time, but which may be modified) who will give testimony or evidence on behalf of the MEC, (or the Board), at the hearing;
- c. The names of the hearing panel members and presiding officer or hearing officer, if known; and
- d. A statement of the specific reasons for the recommendation as well as the list of patient records and/or information supporting the recommendation. This statement, and the list of supporting patient record numbers and other information, may be amended or added to at any time, even during the hearing so long as the additional material is relevant to the continued appointment or clinical privileges of the individual requesting the hearing, and that the individual and the individual's counsel have sufficient time to study this additional information and rebut it.

The hearing shall begin as soon as feasible, but no sooner than thirty (30) calendar days after the notice of the hearing unless an earlier hearing date has been specifically agreed to in writing by both parties.

4.6 Witness List

At least seven (7) calendar days before the hearing, each party shall furnish to the other a written list of the names of the witnesses intended to be called. Either party may request that the other party provide either a list of, or copies of, all documents that will be offered as pertinent information or relied upon by witnesses at the Hearing Panel and which are pertinent to the basis for which the disciplinary action was proposed. The witness list of either party may, in the discretion of the presiding officer, be supplemented or amended at any time during the course of the hearing, provided that notice of the change is given to the other party. The presiding officer shall have the authority to limit the number of witnesses.

Section 5. Hearing Panel and Presiding Officer or Hearing Officer

5.1 Hearing Panel

- a. When a hearing is requested, a hearing panel of not fewer than three individuals will be appointed. This panel, and any alternates, will be appointed by a joint decision of the CEO and the President of the Medical Staff. No individual appointed to the hearing panel, or as an alternate, shall have actively participated in the consideration of the matter involved at any previous level. However, mere knowledge of the matter involved shall not preclude any individual from serving as a member of the hearing panel, or as an alternate. Employment by, or a contract with, the hospital or an affiliate shall not preclude any individual from serving on the hearing panel or as an alternate. Hearing panel members need not be members of the hospital medical staff. When the issue before the panel is a question of clinical competence, all panel members, and alternates, shall be clinical practitioners. Panel members, including alternates, need not be clinicians in the same specialty as the member requesting the hearing.
- b. The hearing panel, including alternates, shall not include any individual who is in direct economic competition with the affected practitioner or any such individual who is professionally associated with or related to the affected practitioner. This restriction on appointment shall include any individual designated as the chair or the presiding officer.
- c. The CEO or designee shall notify the practitioner requesting the hearing of the names of the panel members, including alternates, and the date by which the practitioner must object, if at all, to appointment of any member(s). Any objection to any member of the hearing panel, including alternates, or to the hearing officer or presiding officer shall be made in writing to the CEO, who, in conjunction with the President of the Medical Staff, shall determine whether a replacement panel member should be utilized. Although the practitioner who is the subject of the hearing may object to a panel member, s/he is not entitled to veto that member's participation. Final authority to appoint panel members will rest with the CEO and the President of the Medical Staff.

5.2 Hearing Panel Chairperson or Presiding Officer

- 5.2.1 In lieu of a hearing panel chair, the CEO, acting for the Board and after considering the recommendations of the President of the Medical Staff (or those of the chair of the Board, if the hearing is occasioned by a Board determination) may appoint an attorney at law or other individual experienced in legal proceedings as presiding officer. The presiding officer should have no previous history with either the hospital or the practitioner. Such presiding officer will not act as a prosecuting officer, or as an advocate for either side at the hearing. The presiding officer may participate in the private deliberations of the hearing panel and may serve as a legal advisor to it, but shall not be entitled to vote on its recommendation.
- 5.2.2 If no presiding officer has been appointed, a chair of the hearing panel shall be appointed by the CEO to serve as the presiding officer and shall be entitled to one vote.
- 5.2.3 The presiding officer (or hearing panel chair) shall do the following:

- a. Act to insure that all participants in the hearing have a reasonable opportunity to be heard and to present oral and documentary evidence subject to reasonable limits on the number of witnesses and duration of direct and cross examination, applicable to both sides, as may be necessary to avoid cumulative or irrelevant testimony or to prevent abuse of the hearing process;
- b. Prohibit conduct or presentation of evidence that is cumulative, excessive, irrelevant, or abusive, or that causes undue delay. Maintain decorum throughout the hearing;
- c. Determine the order of procedure throughout the hearing;
- d. Have the authority and discretion, in accordance with these bylaws, to make rulings on all questions that pertain to matters of procedure and to the admissibility of evidence;
- e. Act in such a way that all information reasonably relevant to the continued appointment or clinical privileges of the individual requesting the hearing is considered by the hearing panel in formulating its recommendations;
- f. Conduct argument by counsel on procedural points and may do so outside the presence of the hearing panel; and
- g. Seek legal counsel when s/he feels it is appropriate. Legal counsel to the hospital may advise the presiding officer or panel chair.

5.3 Hearing Officer

- 5.3.1 As an alternative to the hearing panel described above, the CEO, acting for the Board and in conjunction with the President of the Medical Staff (or those of the chair of the Board, if the hearing is occasioned by a Board determination) may instead appoint a hearing officer to perform the functions that would otherwise be carried out by the hearing panel. The hearing officer may be an attorney in non-clinical matters.
- 5.3.2 The hearing officer may not be any individual who is in direct economic competition with the individual requesting the hearing, and shall not act as a prosecuting officer or as an advocate to either side at the hearing. In the event a hearing officer is appointed instead of a hearing panel, all references to the “hearing panel” or “presiding officer” shall be deemed to refer instead to the hearing officer, unless the context would clearly require otherwise.

Section 6. Pre-Hearing and Hearing Procedure

6.1 Provision of Relevant Information

6.1.1 There is no right to formal “discovery” in connection with the hearing. The presiding officer, hearing panel chair, or hearing officer shall rule on any dispute regarding discoverability and may impose any safeguards, including denial or limitation of discovery to protect the peer review process and ensure a reasonable and fair hearing. In general, the individual requesting the hearing shall be entitled, upon specific request, to the following, subject to a stipulation signed by both parties, the individual’s counsel and any experts that such documents shall be maintained as confidential consistent with all applicable state and federal peer review and privacy statutes and shall not be disclosed or used for any purpose outside of the hearing:

- a. Copies of, or reasonable access to, all patient medical records referred to in the Statement of Reasons, at his or her expense;
- b. Reports of experts relied upon by the MEC;
- c. Copies of redacted relevant committee minutes;
- d. Copies of any other documents relied upon by the MEC or the Board;

No information regarding other practitioners shall be requested, provided, or considered and evidence unrelated to the reasons for the recommendation or to the individual’s qualifications for appointment or the relevant clinical privileges shall be excluded.

6.1.2 Prior to the hearing, on dates set by the presiding officer or agreed upon by counsel for both sides, each party shall provide the other party with all proposed exhibits. All objections to documents or witnesses to the extent then reasonably known shall be submitted in writing prior to the hearing. The presiding officer shall not entertain subsequent objections unless the party offering the objection demonstrates good cause.

6.1.3 There shall be no contact by the individual who is the subject of the hearing with those individuals appearing on the hospital’s witness list concerning the subject matter of the hearing; nor shall there be contact by the hospital with individuals appearing on the affected individual’s witness list concerning the subject matter of the hearing, unless specifically agreed upon by that individual or his/her counsel.

6.2 Pre-Hearing Conference

The presiding officer may require a representative for the individual and for the MEC (or the Board) to participate in a pre-hearing conference. At the pre-hearing conference, the presiding officer shall resolve all procedural questions, including any objections to exhibits or witnesses, and determine the time to be allotted to each witness’s testimony and cross-examination. The appropriate role of attorneys will be decided at the pre-hearing conference.

6.3 Failure to Appear

Failure, without good cause, of the individual requesting the hearing to appear and proceed at such a hearing shall be deemed to constitute a waiver of all hearing and appeal rights and a voluntary acceptance of the recommendations or actions pending, which shall then be forwarded to the Board for final action. Good cause for failure to appear will be determined by the presiding officer, chair of the hearing panel, or hearing officer.

6.4 Record of Hearing

The hearing panel shall maintain a record of the hearing by a reporter present to make a record of the hearing or a recording of the proceedings. The cost of such reporter shall be borne by the hospital, but copies of the transcript shall be provided to the individual requesting the hearing at that individual's expense. The hearing panel may, but shall not be required to, order that oral evidence shall be taken only on oath or affirmation administered by any person designated to administer such oaths and entitled to notarize documents in the State of Maryland.

6.5 Rights of the Practitioner and the Hospital

6.5.1 At the hearing both sides shall have the following rights, subject to reasonable limits determined by the presiding officer:

- a. To call and examine witnesses to the extent available;
- b. To introduce exhibits;
- c. To cross-examine any witness on any matter relevant to the issues and to rebut any evidence;
- d. To have representation by counsel who may be present at the hearing, advise his or her client, and participate in resolving procedural matters. Both sides shall notify the other of the name of their counsel at least ten (10) calendar days prior to the date of the hearing;
- e. To submit a written statement at the close of the hearing.

6.5.2 Any individuals requesting a hearing who do not testify in their own behalf may be called and examined as if under cross-examination.

6.5.3 The hearing panel may question the witnesses, call additional witnesses or request additional documentary evidence.

6.6 Admissibility of Evidence

The hearing shall not be conducted according to legal rules of evidence. Hearsay evidence shall not be excluded merely because it may constitute legal hearsay. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the admissibility of such evidence in a court of law.

6.7 Burden of Proof

It is the burden of the practitioner to prove by clear and convincing evidence that the recommendation(s) for corrective action is not substantiated.

6.8 Post-Hearing Memoranda

Each party shall have the right to submit a post-hearing memorandum, and the hearing panel may request such a memorandum to be filed, following the close of the hearing.

6.9 Official Notice

The presiding officer shall have the discretion to take official notice of any matters, either technical or scientific, relating to the issues under consideration. Participants in the hearing shall be informed of the matters to be officially noticed and such matters shall be noted in the record of the hearing. Either party shall have the opportunity to request that a matter be officially noticed or to refute the noticed matter by evidence or by written or oral presentation of authority. Reasonable additional time shall be granted, if requested by either party, to present written rebuttal of any evidence admitted on official notice.

6.10 Postponements and Extensions

Postponements and extensions of time beyond any time limit set forth in this policy may be requested by anyone but shall be permitted only by the presiding officer or the CEO on a showing of good cause.

6.11 Persons to be Present

The hearing shall be restricted to those individuals involved in the proceeding. As requested by the President of the Medical Staff or CEO, administrative personnel and critical others who may include but not be limited to legal counsel, President of the Medical Staff, Department Chairs and the Chief Medical Officer may be present. All members of the hearing panel shall be present for all stages of the hearing and deliberations.

6.12 Order of Presentation

The Board or the MEC, depending on whose recommendation prompted the hearing initially, shall first present evidence in support of its recommendation. Thereafter, the burden shall shift to the individual who requested the hearing to present evidence.

6.13 Adjournment and Conclusion

The presiding officer may adjourn the hearing and reconvene the same at the convenience and with the agreement of the participants. Upon conclusion of the presentation of evidence by the parties and questions by the hearing panel, the hearing shall be closed.

6.14 Basis of Recommendation

The hearing panel shall recommend against the person who is requesting the hearing unless it finds that the requesting party has proven by clear and convincing evidence that the recommendation that prompted the hearing was unreasonable, not sustained by the evidence or was otherwise unfounded.

6.15 Deliberations and Recommendation of the Hearing Panel

Within thirty (30) calendar days after final adjournment of the hearing, the hearing panel shall conduct its deliberations outside the presence of any other person (except the presiding officer, if one is appointed) and shall render a recommendation, accompanied by a report, signed by all the panel members, which shall contain a concise statement of the reasons for the recommendation.

6.16 Disposition of Hearing Panel Report

The hearing panel shall deliver its report and recommendation to the CEO who shall forward it, along with all supporting documentation, to the Board for further action. The CEO shall also send a copy of the report and recommendation, certified mail, return receipt requested, to the individual who requested the hearing, and to the MEC for information and comment.

Section 7. Appeal to the Hospital Board

7.1 Time for Appeal

Any appeal of the hearing panel's recommendation, either by the practitioner subject to the hearing or the MEC, must be received within ten (10) days of receipt of that recommendation. The request for appellate review shall be in writing, and shall be delivered to the CEO or designee either in person or by certified mail, and shall include a brief statement of the reasons for appeal and the specific facts or circumstances which justify further review. If such appellate review is not requested within ten (10) calendar days, both parties shall be deemed to have accepted the recommendation involved, and the hearing panel's report and recommendation shall be forwarded to the board.

7.2 Grounds for Appeal

The grounds for appeal shall be limited to the following:

- a. There was substantial failure to comply with the medical staff bylaws prior to or during the hearing so as to deny a fair hearing; or
- b. The recommendation of the hearing panel was made arbitrarily, capriciously, or with prejudice; or
- c. The recommendation of the hearing panel was not supported by substantial evidence based upon the hearing record.

7.3 Time, Place, and Notice

Whenever an appeal is requested as set forth in the preceding sections, the chair of the Board shall schedule and arrange for an appellate review as soon as arrangements can be reasonably made, taking into account the schedules of all individuals involved. The affected individual shall be given notice of the time, place, and date of the appellate review. The chair of the Board may extend the time for appellate review for good cause.

7.4 Nature of Appellate Review

- a. The chair of the Board shall appoint a review panel composed of at least three (3) members of the Board to consider the information upon which the recommendation before the Board was made. Members of this review panel may not be direct competitors of the practitioner under review and should not have participated in any formal investigation leading to the recommendation for corrective action that is under consideration.
- b. The review panel may, but is not required to, accept additional oral or written evidence subject to the same procedural constraints in effect for the hearing panel or hearing officer. Such additional evidence shall be accepted only if the party seeking to admit it can demonstrate that it is new, relevant evidence and that any opportunity to admit it at the hearing was denied. If additional oral evidence or oral argument is conducted, the review panel shall maintain a record of any oral arguments or statements by a reporter present to make a record of the review or a recording of the proceedings. The cost of such reporter shall be borne by the hospital, but copies of the transcript shall be provided to the individual requesting the review at that individual's expense. The review panel may, but shall not be required to, order that oral evidence shall be taken only on oath or affirmation administered by any person designated to administer such oaths and entitled to notarize documents in the State of Maryland.

- c. Each party shall have the right to present a written statement in support of its position on appeal. In its sole discretion, the review panel may allow each party or its representative to appear personally and make a time-limited thirty-minute (30) oral argument. The review panel shall recommend final action to the Board.
- d. The Board may affirm, modify, or reverse the recommendation of the review panel or, in its discretion, refer the matter for further review and recommendation, or make its own decision based upon the Board's ultimate legal responsibility to grant appointment and clinical privileges.

7.5 Final Decision of the Hospital Board

Within thirty (30) calendar days after receiving the review panel's recommendation, the Board shall render a final decision in writing, including specific reasons for its action, and shall deliver copies thereof to the affected individual and to the chairs of the Credentials and Bylaws Committee and MEC, in person or by certified mail, return receipt requested.

7.6 Right to One Appeal Only

No applicant or medical staff member shall be entitled as a matter of right to more than one (1) hearing or appellate review on any single matter which may be the subject of an appeal. In the event that the Board ultimately determines to deny medical staff appointment or reappointment to an applicant, or to revoke or terminate the medical staff appointment and/or clinical privileges of a current member or a physician or dentist with privileges without membership, that individual may not apply within five (5) years for medical staff appointment or for those clinical privileges at this hospital unless the Board advises otherwise.

7.7 Fair hearing and appeal for those with privileges without medical staff membership and who are not physicians or dentists

Psychologists, and advanced practice professionals (APPs) are not entitled to the hearing and appeals procedures set forth in the medical staff bylaws. In the event one of these practitioners receives notice of a recommendation by the Medical Executive Committee that will adversely affect his/her exercise of clinical privileges, the practitioner and his/her supervising physician shall have the right to meet personally with two physicians and a peer assigned by the President of the Medical Staff to discuss the recommendation. The practitioner and the supervising physician must request such a meeting in writing to the CEO within 10 working days from the date of receipt of such notice. At the meeting, the practitioner and the supervising physician must be present to discuss, explain, or refute the recommendation, but such meeting shall not constitute a hearing and none of the procedural rules set forth in the medical staff bylaws with respect to hearings shall apply. Findings from this review body will be forwarded to the affected practitioner, the MEC and the Board.

The practitioner and the supervising physician may request an appeal in writing to the CEO within 10 days of receipt of the findings of the review body.

The grounds for appeal shall be limited to the following:

- a. The recommendation by the MEC was made arbitrarily, capriciously or with prejudice; or
- b. The recommendation of the MEC was not supported by substantial evidence.

Two (2) members of the Board assigned by the chair of the Board shall hear the appeal from the practitioner and the supervising physician. A representative from the medical staff leadership may be present. The decision of the appeal body will be forwarded to the Board for final decision. The practitioner and the supervising physician will be notified within 10 days of the final decision of the Board.
