OCOTOBER 2022

We've picked a DAISY!

DAISY winner Jordan Diggs, RN, proudly poses with her award.

University of Maryland St. Joseph Medical Center is proud to present the DAISY Award to Labor and Delivery Nurse **Jordan Diggs, RN**.

Jordan was recognized for her exceptional caring and compassionate support when an expectant mom needed to undergo an unanticipated surgery.

From patient C. C.:

Jordan was my hero during labor and delivery. Her ability to calm me through the whole process was irreplaceable...She truly was a gift from God.

Because I had preeclampsia, I had an uplanned C-section. Jordan was able to calm me before going into surgery. She was there when I had to get the epidural. She stayed past her shift to make sure I was okay. Jordan's kindness and love to go above and beyond will be something I always remember.

Thank you, Jordan!

The DAISY *Award*®

celebrates nurses who provide extraordinary, compassionate and skillful care every day.
