
Please note that as of January 5, 2024, we no longer offer Therapeutic Phlebotomy at UM SJMC.

As always, our patients' continuing care and best health remain our top priority. These nearby programs offer therapeutic phlebotomy services:

- **Baltimore Allied Health Training Center Therapeutic Phlebotomy for Polycythemia and Hemochromatosis Patients**

Metro Office Park – Baltimore Allied Health
90 Painters Mill Rd., # 134
Owings Mills, MD 21117
443-522-9396

- **Diagnostic Center and Laboratory Medicine at GBMC**

Greater Baltimore Medical Center (GBMC)
6701 N. Charles St.
Main Hospital, Suite 3100
Towson, MD 21204
443-849-2213

Because these locations may experience an increase in volume, we strongly advise patients to look into other area programs that may be convenient, to help ensure that their care remains uninterrupted.

We apologize for any inconvenience and thank you for choosing University of Maryland St. Joseph Medical Center.
