

University of Maryland Upper Chesapeake Health (UM UCH), in support of the development of an **integrated public/private behavioral health system of care**, is recruiting a high quality, like-minded **psychiatrist (BC/BE)** to provide services in an array of settings that currently exist and to help develop the Behavioral Health delivery system of tomorrow. The program is comprised of the following components: a 27-bed acute inpatient unit, inpatient psychiatric consultation service, outpatient office services, an intensive outpatient program, a Behavioral Health Crisis Center, and collaborative care placements in primary care and specialty practices. Construction is currently underway for a **new Psychiatric Specialty Hospital**, which includes innovative design elements.

Position Features include:

- Hospital employed position to join an established collaborative team of behavioral health providers.
- **Market competitive salary** with **incentive compensation** potential and **benefits** package including health, dental, CME and malpractice with tail.
- **Sign on or relocation bonus**
- Favorable on-call schedule
- Epic EMR

Location offers convenient access to major cities (Baltimore, Philadelphia and Washington, DC) and cultural amenities. Harford county was named one of “Best Places to Live in Maryland,” and boast excellent schools, low crime rate and great neighborhoods.

For additional information on this exciting and innovative opportunity, please contact **Marian Whitlock** at **(410) 398-0258** or email **CV to whitlock_uch@yahoo.com**.

UMMS hospitals and health care facilities are equal opportunity employers and proud of an environment of diversity.
