

Medical Oncologist with Breast Focus

Upper Chesapeake Hematology & Oncology Services, an affiliate of University of Maryland Upper Chesapeake Health (UM UCH), has a full-time position available for a BC hematology/oncology physician. **Experienced candidates with an interest in breast oncology are strongly preferred.** The practice has two locations – one in the Kaufman Cancer Center, an affiliate of University of Maryland’s Greenebaum Cancer Center (an NCI Comprehensive Cancer Center), and one on a new UM UCH medical campus in Aberdeen.

Highlights:

- Team approach to care with focused disease-specific expertise, inclusive of a fellowship trained breast surgeon and a nurse navigator specializing in breast cancer
- Evidence-based philosophy and access to clinical trials
- Collegial work environment (both providers and staff members)
- Competitive salary and benefits with work/life balance prioritized
- Desirable geography in pleasant suburban community with easy access to Philadelphia and Washington D.C.

Details:

This well-respected practice is currently comprised of **six physicians and five nurse practitioners**. The practice is NCQA recognized and an oncology medical home. The practice prides itself on the provision of high quality, evidence based, clinically efficient, and compassionate care (inclusive of multi-disciplinary clinics and tumor boards). **Fully optimized Epic IT system** is utilized.

The Kaufman Cancer Center is accredited by the American College of Surgeons’ Commission on Cancer and National Accreditation Program Breast Cancer; its service offerings include medical oncology, surgical oncology, radiation oncology, infusion services, genetic counseling, palliative care, supportive services, research and integrative health services.

This position offers a **competitive compensation package** inclusive of 1:6 call, one day per week for administrative activities, 5 weeks vacation, 1 week paid CME. Hospitalist team serves as the attending for inpatients; inpatient unit is within walking distance from one clinic location. Organizational structure offers the best of both worlds in being a **member of a regional academic system while maintaining a strong connection to the community** in the care provided. Medical staff is collegial and administration is engaged and supportive.

Harford County, Maryland is a desirable community offering strong schools, safe neighborhoods, and diverse recreational activities with easy access (30-90-minute drive) to larger metropolitan areas. Please contact **Marian Whitlock at 410-398-0258 or email Whitlock_uch@yahoo.com** for additional information.

UMMS hospitals and health care facilities are equal opportunity employers and proud of an environment of diversity.
