

UCMC Readmission Rate

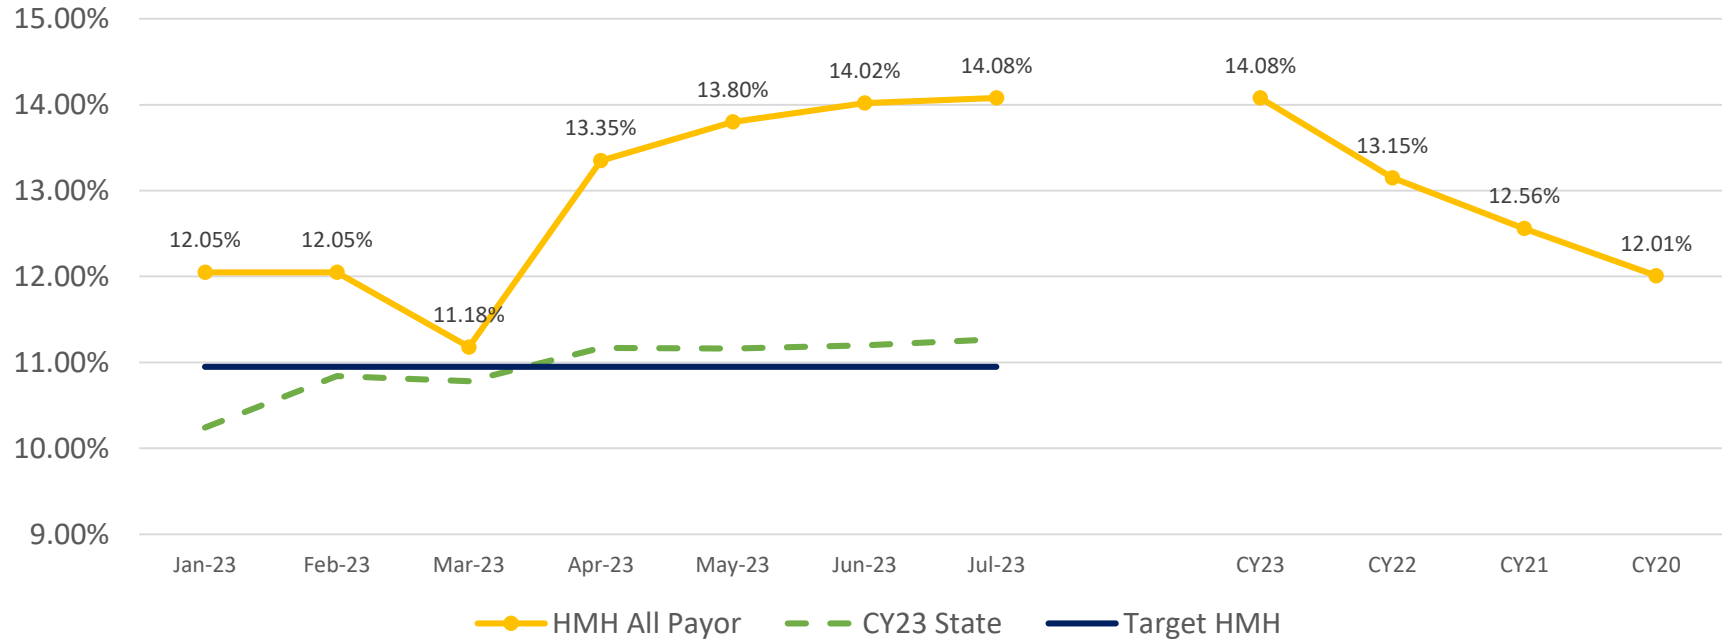

Notes

- Inclusions/Exclusions: The RRIP measures include **inpatient admissions only**. Both hospice and palliative care **are not** excluded from the readmission measurement. **Other exclusions:** planned readmissions, newborn APR-DRGs, bone marrow transplants, liquid tumor patients, left against medical advice, APR-860 rehab cases, APR-DRG-SOI categories with less than two discharges statewide, and transfers. Admissions with ungroupable APR-DRGs (955, 956) are **not eligible** for a future readmission, but **can be counted** as a readmission for a previous admission, a hospitalization within 30 days of a hospital discharge where a patient dies **is counted** as a readmission.
