

NEW AFFILIATION REQUEST/REVIEW

Reviewed by GMEC on

Program Name:

***Institutional Affiliation:**

**If non-UMMS training site is listed above, please confirm if comparable training/experience is available within UMMS – UMMS system hospitals include:*

UMMC Midtown Campus, UM Baltimore Washington Medical Center, UM Rehabilitation & Orthopaedic Institute, Mt. Washington Pediatric Hospital; UM Upper Chesapeake Medical Center, UM St. Joseph Medical Center, UM Charles Regional Medical Center, UM Shore Regional Health

If comparable UMMS training is available, please indicate why non-UMMS site was still selected to provide the experience. Please be specific.

Proposed Initial Affiliation Period:

Program Residents and Length of Rotation:

Is this considered a major affiliation?**

If yes, has RRC approval been sought?

Is Institution TJC Accredited:

What is Sponsoring Institutions ACGME accreditation status:

What is the program's ACGME accreditation status of which the UMMC program residents/fellows will rotate in:

Officials assuming administrative, educational and supervisory responsibility:

Other institutional Liaison and title:

UMMS Liaison and title:

Party responsible for teaching, supervision, and formal evaluation:
Party's policies and procedures that will govern residents while on rotation:
Party responsible for providing health Insurance and benefits:
Party responsible for providing Professional Liability Insurance while on rotation:
Financial arrangements (reimbursement):
Educational Goals and Objectives at new training site (Please briefly state how this rotation will help achieve RRC Requirements):
Have you assured that the new institution has sufficient institutional resources to support the GME function: facilities, staff support, educational supervision, coordination and assessment?
Will adding this new training site adversely impact patient care at UMMC because your program residents will be receiving experience elsewhere (e.g., are you replacing an UMMC assignment with this rotation)? If yes, please briefly describe.
Will adding this new training site will adversely impact educational processes at UMMC for your program residents or residents in other programs/departments ? If yes, please briefly describe.
Will adding this new training site will have a potential adverse financial impact on UMMC (e.g. you are replacing a funded assignment with a non-funded assignment)? If yes, please briefly describe.
What is the expected commuting time to this new training site for residents/fellows enrolled in the program and how will this expense be covered?

Will there be any impact on cross-coverage and duty hour rules for residents in this program or in other UMMC's programs because of the addition of this new training site?

**Major affiliation is defined as follows:

- Training programs 1 year in length, each resident would spend 2 months at the affiliate institution
- Training programs 2 years in length, each resident would spend 4 months at the affiliate over the 2 year period
- Training programs 3 or more years in length, each resident would spend at least 6 months at the affiliate over the entire training period
