Subject: RE: Portfolio Training ppt. for Residency Coordinators

Hi Maureen,

Yes, we will offer the test out option for groups that do not need to take the combination classes. This includes IP Provider, Ambulatory Provider & ASAP Provider. I will be the one organizing this and will work with the coordinators if their groups are eligible. It will be a bit different than last year. My Manager wanted to leave this as an option however, not for combination classes.

Thank you,

Rebecca Drenning, MS

Hi Rebecca,

I just looked through the PPT and noticed that the Test Out Option is going to be offered. Who/how is that going to be coordinated? I was under the impression that we were not going to offer the Test out Option.

Hi Maureen,

I have attached the updated ppt. for the residency program coordinators as it relates to Portfolio Training.

Please let me know if you have any questions.

Thank you,
