To alleviate the need for COVID-19 testing among Maryland residents, drive-through COVID-19 testing is now available at select Vehicle Emissions Inspection Program (VEIP) sites throughout Maryland. CRISP is supporting COVID-19 lab order entry for eligible patients through our Unified Landing Page.

The overall statewide test ordering priority is as follows:

Health care providers shall prioritize COVID-19 test orders to the following groups:

A. Severely ill hospitalized patients, who should be tested by the most expeditious means available (either a hospital lab, private lab, or the State Laboratory)

B. Symptomatic Emergency Medical Service Personnel, healthcare workers, and law enforcement personnel (should be tested by available means)

C. Symptomatic patients in nursing homes, long-term care facilities, or in congregate living facilities housing individuals who are medically fragile; OR

D. Symptomatic high-risk unstable patients whose care would be altered by a diagnosis of COVID-19.
